

# CHINESE, SOVIET FORCES DRAWN IN BATTLE ARRAY

## Noting Marks Mistrial Of Strikers In Gastonia; Mob Tours Through Area

### STRIKE OFFICES CRACKERS IN FINAL BATTLE

Carry Several  
Hundred Men During  
Disorders

LITERATURE IS  
DESTROYED BY MOB

Communists Given  
Warning; Attorney  
Threatened

N. C., Sept. 10.—A wave  
of mob violence  
over Charlotte and  
nearby today in the wake of  
the close of the trial of 16  
communists and atheists for  
the Gastonia strike of O.  
of Gastonia.

Small cries of "long live one  
and percent Americanism"  
the early morning air, mobs  
in Charlotte, Gastonia and  
the city and raided the of-  
fices of the communist organiza-  
tions. The legal battle for  
two Beal, communist organ-  
ized the Gastonia strike and 15  
days, charged with slaying

Mistrial Was Ordered  
of the 16 strike agitators  
a dramatic close yesterday  
mistrial was ordered by J. G.  
one of the jurymen be-  
came insane. His condition  
was relieved by physicians as acute  
mania.

Today he was whisked away  
to hospital for the insane  
town.

tion a mob armed with  
stones and estimated to  
several hundred men storm-  
ed the headquarters of the  
Textile Workers union and  
great quantities of com-  
munist literature.

the Gastonia demonstration  
the mob scoured the country-  
side, assembled threatening  
mob sympathizers. Shortly  
after midnight the mob raided  
of the International Labor de-  
partment and at Bessemer City.

Gastonia mob divided into  
gangs. A large portion of them  
around the home of Tom P.  
chief defense counsel in  
the trial.

15 minutes yells of "lynch  
the air. When word was  
around that the attorney  
an uptown hotel the mob  
an. Not however until the  
quarters of the Interna-  
tional defense across the  
front of the courthouse where  
the trial was held, had  
beaten and all communistic  
data destroyed and strewn  
streets.

Gastonia mob descended upon  
in 50 automobiles.

Two Are Beaten  
emperor of the town was fur-  
tured by the beating of two  
Textile Workers union or-

Wells and Cliff Saylor were  
about eight miles from Con-  
C. early this morning and  
into Charlotte.

was beaten badly and was  
when found, Saylor was  
that he and Wells had  
crushed by a mob at Gas-  
tonia to a deserted spot out-  
side and there whipped and  
killed.

light upon the Interna-  
tional defense branch office  
city occurred earlier in  
the day. The mob tore signs from  
building and made away with  
the pamphlets and propaganda  
of the papers.

Police professed to have  
knowledge of the mob which  
patrolled the streets there  
hundreds here were not re-  
turned to the police until the mob  
dispersed. No arrests  
made.

John G. Carpenter of  
who headed the prosecu-  
tion the Aderholt trial declared  
today that he intended im-  
mediately to launch a thorough in-  
vestigation into the reported reign  
of terror.

Upholds Green  
Firing Protector

Sept. 10.—The state  
commission today was  
upholding the action of  
of Agriculture Perry L.  
in dismissing Ora L. Hinton  
during the past 10 years,  
protector in the St. Mary's  
case. Hinton was accused of  
to enforce game law.  
commission's decision was in-  
to an appeal by Hinton  
Green's ouster order.

Coal Man Dies

Sept. 10.—Pneumonia  
today caused the death here of  
J. Niemeyer, former owner of  
Lumbus Coal and Lime com-  
pany after a three days' illness in  
hospital.

Appointed  
HAROLD M. WILLIAMS, teacher  
of social sciences in Salem High  
school, has been appointed faculty  
manager of athletics, succeeding  
Paul E. Stratton, who resigned at  
the close of the 1928-29 school term.  
Williams is a graduate of Ohio  
Wesleyan and is now teaching his  
third year at Salem High. His  
home is in Mount Victory.

### CLEVELAND MAN TO GIVE SERMON

Will Speak Sunday At  
Phillips Church Cen-  
tennial

Rev. M. J. Grable, of Cleveland,  
former pastor of the Salem Chris-  
tian church, will be one of the  
speakers at the Phillips church cen-  
tennial celebration Sunday at the  
church, just west of McCracken's  
corners, Salem-Lisbon rd. Rev.  
Grable will speak at the service at  
11 a. m. The Sunday school session  
will be at 10.

J. Cahill, of Cleveland, will be  
one of the speakers at 2:30 p. m.  
Sunday. The concluding service of  
the celebration will be at 8 p. m.  
Sunday.

Judge L. T. Farr, of Lisbon, will  
be on the centennial program, al-  
though it has not been announced  
at which service he will speak.

The celebration begins at 8 p. m.  
Wednesday when the service will  
be in charge of the Salem Christian  
and Columbiana churches.

Thursday evening the Lisbon  
church will be in charge and on  
Friday evening the East Palestine  
church.

Dinner and supper on Sunday  
will be served to visitors attending  
the services.

During the last year the congrega-  
tion has made extensive im-  
provements to its edifice.

A basement is now under the  
church and a furnace installed,  
the building having been previously  
heated by stoves. The interior has  
been redecorated and a choir box  
constructed.

Economic States  
Plan Moves On

Geneva, Sept. 10.—The United  
States of Europe—Premier Aristide  
Briand's long cherished dream of an  
international economic and political  
affiliation of continental nations—  
was one step nearer reality today.

The French premier, who ex-  
pounded his revolutionary views on  
the creation of an international econ-  
omic empire before the delegates  
to the league of nations assembly  
yesterday, is understood to have al-  
ready begun work on the drafting  
of an outline of his plan to weld  
Europe into an economic unit.

Traction Cashier  
Robbed In Holdup

Lorain, O., Sept. 10.—Two armed  
bandits early today held up the  
South Lorain street car barns and  
robbed A. F. Overmeyer, night dis-  
patcher, of nearly \$300 in traction  
company funds. Descriptions of the  
two holdup men were furnished  
by Overmeyer. An intensive  
search of the city and county was  
started immediately.

The cash loot of the bandits was  
that which was kept in the car  
barns for car operators on night  
runs. Overmeyer acted as cashier  
for the carmen.

Escaped Girls Take  
Poison On Capture

Toledo, O., Sept. 10.—Two young  
girls are recovering here today from  
the effects of poison tablets swal-  
lowed after they were captured late  
yesterday following their escape  
from the Hillcrest Industrial school  
at Cincinnati.

One girl swallowed three of the  
tablets and the other had taken one  
of the poison discs before they were  
detected.

### Opposition To English Investigation Growing

Jews and Arabs Lodge  
Objections To Quizz  
In Progress

ARABS BLAME REDS  
FOR RIOT CAUSE

Factions Ask For All  
Nations To Join In  
Survey

Jerusalem, Sept. 10.—Widespread  
opposition both by Jews and Arabs  
continued to be heard throughout  
Palestine today over the progress of  
the government inquiry into the re-  
cent inter-racial rioting in the Holy  
Land.

Efforts are being made by leaders  
of both factions to terminate the  
present inquiry headed by Sir John  
Chancellor, British high commis-  
sioner in Palestine, and have substi-  
tuted for it an international commis-  
sion of investigation.

Charging "Jewish Bolsheviki" re-  
sponsible for the outbreaks the  
grand mufti of Jerusalem has in-  
formed Sir John that all investi-  
gations would be illegal if conducted  
by Jewish investigators. Supported  
by the Moslem supreme council,  
the grand mufti is demanding an  
investigation by representatives  
of all nations, instead of an all  
British commission.

The Jews are equally dissatisfied  
with the progress of the inquiry,  
charging biased testimony is being  
taken from Arab policemen who, in-

stead of attempting to maintain order,  
participated in the attacks.  
The situation is now generally  
calm.

Sir John Chancellor has been  
asked to investigate charges that  
Jewish merchants are selling poi-  
soned food to Arabs. The health de-  
partment has seized stocks of grapes  
alleged to have been poisoned.

REPUBLICANS ON  
DEFENSIVE WHEN  
INSURGENTS ACT

Democrats Join Forces In  
Effort to Inject Vire  
Case Into Debate

Washington, Sept. 10.—At the  
very outset of the tariff wars, the  
Republicans were on the defensive  
in the senate today against a  
shredily directed Democrat-Insur-  
gent campaign, which injected the  
three-year-old Vire case and an in-  
come tax publicity row into the  
debate over the new tariff bill.

The question of denying his sena-  
torial seat to William S. Vare of  
Pennsylvania, was raised by Sena-  
tor Norris of Nebraska, with the  
acquiescence of Democratic tariff  
champions. The largest amendment  
resolution barring Vare from the sen-  
ate because of a \$735,000 expendi-  
ture in his 1926 primary and an-  
nounced he would seek final action  
on it later in the week. Debate on  
the resolution may run for several  
weeks.

The income tax publicity row was  
provoked by the Democrats and it  
gave the two opposing tariff a  
chance to draw up their battle lines.  
The proposal to publish the "profits  
or losses" of all corporations, ben-  
efiting under the tariff, may be de-  
bated for several days before a de-  
cision is reached. An amendment  
by Senator Blaine of Wisconsin,  
would call for publication of the  
amounts spent by various corpora-  
tions on "labor costs"—an extension  
of the publicity that met with de-  
ficient Republican opposition. The  
whole plan incidentally served to  
delay a start in the debate on the  
bill itself.

AUTO SEARCH IN  
50-FT. QUARRY

Firemen Believe Machine  
Under Water; Hook  
Onto Object

Elvira, O., Sept. 10.—Armed with  
heavy grappling tools, members of  
the Elvira fire department today ex-  
pected to solve the mystery of the  
"air and oil belching" snag in the  
50-foot quarry hole near the Steel  
& Tubes, Inc. plant here.

Workmen at the Steel & Tubes  
Co. plant told authorities they saw  
a lighted object approach the quarry  
hole and suddenly vanish over its  
edge Saturday night. An instant  
later, they said, the object splash-  
ed into the quarry waters. Rocks  
along the edge of the quarry indi-  
cated that some heavy object has  
been dragged over their surfaces.

Firemen, who dragged the quarry  
to solve the mystery of the "disap-  
pearing lights," snagged an oil-  
belching object yesterday. Their  
efforts to remove it, however, fail-  
ed when their dragging apparatus  
broke.

The quarry is known to residents  
here as "lover's hook." It was fear-  
ed today that perhaps tragedy lurks  
in the waters of the 50-foot hole.  
Other theories are that the sub-  
merged object may be a stolen au-  
tomobile or one disposed of in order  
to collect insurance.

Automobile Tour  
To Pass Through

The silver fleet of 14 passenger  
automobiles and one truck of the B.  
F. Goodrich Rubber company of  
Akron, which started on a nation-  
wide tour last January, will pass  
through Salem about 9:30 a. m.  
Wednesday.

The fleet arrives here after a tour  
of more than 20,000 miles over the  
nation's highways, on the last leg  
of a 30,000 tour.

Fourteen different types of au-  
tomobiles are represented in the fleet.  
They are: Studebaker, Lincoln, Olds-  
mobile, Nash, Essex, Chrysler, Chev-  
rolet, Pontiac, Whippet, Auburn,  
Packard, Hupmobile, Ford, Buick,  
and a Mack truck.

Newton Baker Back  
In Cleveland Home

Cleveland, Sept. 10.—Newton D.  
Baker, former secretary of war, and  
his family returned to their home  
in Cleveland today from New York  
where they arrived yesterday from  
Europe aboard the liner Minnetonka.

Baker and his family spent most  
of their time abroad motoring in  
northern England with the excep-  
tion of two days which were spent  
in Paris.

ALL MEMBERS OF AMERICAN  
LEGION AND EX-SERVICE MEN  
REQUESTED TO MEET AT LE-  
GION HOME WEDNESDAY AT 1  
P. M. TO ATTEND FUNERAL OF  
COMRADE RUSH.  
CHAS. MCCORKHILL,  
POST COMMANDER

### A Triple Winner

"BELIEVE IT OR NOT" but N. E.  
Noble, manager of a Winnipeg  
stock brokerage firm, won the Mani-  
toba Club's Sweepstakes on the En-  
glish Derby three years in suc-  
cession. Five hundred tickets are drawn  
in the Canadian city for the event  
each year and Mr. Noble won the  
coveted prize in 1927, 1928 and 1929.

### COUNTY BAR TO HOLD MEETING

Lawyers of 7 Counties  
Invited To Attend  
Gathering

The Columbiana County Bar as-  
sociation will hold a meeting at East  
Palestine on Friday afternoon.

Golf will be played by association  
members and guests until 6 p. m. at  
the East Palestine Country Club. An  
informal country dinner will be  
served at the Methodist church parlors  
at 6:30 p. m.

Paul J. Bickel of Squire, Sanders  
and Dempsey of Cleveland will dis-  
cuss the new Ohio corporation code.  
Bickel has been a member of the  
legislative committee of the Ohio  
State Bar association formulating the  
code.

The bar of Jefferson, Carroll,  
Stark, Mahoning, Trumbull, Cuyahoga  
and Lawrence and Beaver  
counties, Pennsylvania, have been  
invited. The largest attendance in  
the history of the association is ex-  
pected.

Baptists Plan On  
Week Rally Service

At a meeting of teachers of the  
First Baptist Sunday school Monday  
evening at the church plans were  
made for a week of rally services,  
the second week in October.

Various departments of the  
church will each be given one night.  
Monday night the young people of  
the church will have the service;  
Tuesday night the missionary or-  
ganization will be in charge; Wed-  
nesday night is church night;  
Thursday night the men will have  
the service, and Friday night is  
Sunday school night.

The special services will close with  
the rally on Sunday morning.

Killed By Auto

Yorkville, O., Sept. 10.—Jumping  
from the auto in which he was rid-  
ing, George Catanzani, 15, was hit  
today by a passing machine and was  
killed.

Clifton Not To Act  
In School Strike

Columbus, O., Sept. 10.—Although  
Belmont county authorities indicat-  
ed that they expect Director of Edu-  
cation John L. Clifton to take ac-  
tion designed to end the strike of  
pupils affected by department of  
education's order closing the town-  
ship school at McClainsville, Bel-  
mont county more than a week ago,  
Clifton today took the position that  
he is "not concerned."

"If they (pupils) do not attend  
the school designated for them, they  
are truants and their parents should  
be prosecuted by the county super-  
intendent," declared Clifton. "It is  
not a matter for our office to han-  
dle."

Air Pilots Divide  
\$87,880 In Prizes

Cleveland, Sept. 10.—A total of  
\$87,880 has been distributed among  
165 contestants in the 1929 National  
air races, Floyd J. Logan, air race  
champion, announced today.

The largest individual amount of  
the prize was awarded to Henry J.  
Brown, Cleveland air mail pilot. He  
received \$5,000 by taking first place  
in the Los Angeles to Cleveland  
non-stop race. The winnings of Mrs.  
Louise Thaden of Pittsburgh, who  
won the women's derby from Santa  
Monica, Cal., to Cleveland, totaled  
\$4,350.

Has Many Displays

Marion, O., Sept. 10.—They have  
a fair at Marion this week and today  
Mrs. W. A. Himmeger has a "fair"  
chance of becoming a prize winner  
as she has an assortment of dis-  
plays which, when enumerated, to-  
tal 101. They range from tomato  
butter to a crazy quilt.

Coopers Entertain

Columbus, Sept. 10.—Members of  
the Ohio Good Roads Federation  
and their wives were guests at a  
"tea" given by Gov. and Mrs. Myers  
Y. Cooper at the executive mansion  
this afternoon.

### PLANE DISASTER CAUSES STATED BY CONFERENCE

Pilot Probably Blinded  
By Storm, Report Of  
Committee States

DEFINITE REASONS  
LISTED UNCERTAIN

Lindbergh Included In  
Group Which Studies  
T. A. T. Tragedy

St. Louis, Sept. 10.—Following a  
conference of T. A. T. officials in-  
cluding Colonel Charles A. Lind-  
bergh, chairman of the technical  
committee, Colonel Paul Henderson,  
executive vice-president, and J. V.  
Myers, managing vice-president, a  
report concerning probable causes  
of the recent air tragedy on Mount  
Taylor was issued today.

The report was based upon Colonel  
Lindbergh's observation of the  
scene and the telegraphic report  
from Paul Collins, general superin-  
tendent of the line, who directed  
the search and visited the wreck.

"Too many things are involved,"  
the report stated, "to give an irrefu-  
table cause of the accident. From a  
survey of the facts obtainable, it is  
our opinion that Pilot Stowe  
crashed into the ground at full  
speed and under full control. He  
may have been blinded momentarily  
by a severe storm."

No Storms Reported

"A dangerous storm area was not  
indicated in any of the weather re-  
ports and must have been very lo-  
cal in character. Just before taking  
off from Albuquerque, Pilot Stowe  
was handed a weather report show-  
ing visibility, temperature, cloud  
conditions, barometric pressure and  
ceiling and other important weath-  
er data from twelve reporting sta-  
tions in that area—three weather  
bureau stations, and nine T. A. T.  
stations."

"At none of these places were  
hazardous flying conditions re-  
ported. On the same day our eastbound  
ship and aircraft of other compan-  
ies, flew the same route without  
encountering unusual conditions."

"Pilot Stowe did not take off in  
the face of poor flying conditions or  
against his better judgment as no  
one in the entire T. A. T. organiza-  
tion has the authority to order a  
pilot to make such a flight."

Definite Cause Unknown

"It is quite possible that full  
facts concerning the cause of the  
tragedy will never be known but the  
company realizes its obligation to  
make public such facts and will do  
so if they are ever available."

"Because of the scores of planes,  
military, commercial and private  
which aided T. A. T. in its search,  
it will be some time before the  
searching fleet can be disbanded  
and the T. A. T. fleet and personnel  
returned to their proper stations.  
The mechanics of T. A. T. from  
Columbus to Los Angeles, having  
been engaged at Windows, were  
engaged day and night in the task  
of keeping the searching fleet in  
proper condition, regular schedules  
over T. A. T. will be resumed as  
soon as equipment and personnel  
are properly ready."

"Officials of T. A. T. are appre-  
ciative of the splendid cooperation  
given by army and navy planes,  
planes of other commercial opera-  
tors and private owners."

Los Angeles, Cal., Sept. 10.—The  
Transcontinental Air Transport Ser-  
vice will probably begin operating  
on regular schedule some time this  
week, although no definite date has  
been set, it was stated today by  
company officials. Schedules were  
suspended during the search for the  
City of San Francisco, which crash-  
ed in New Mexico and killed five  
passengers and three members of  
the crew.

LADY HEATH ON  
WAY TO HEALTH

Famous Aviatix May Never Fly  
Again, Doctors Hold; Plane  
Crashed Through Roof

Cleveland, Sept. 10.—The condi-  
tion of Lady Mary Heath, famous  
English aviatix, who was seriously  
injured when her airplane crashed  
through the roof of a factory here  
more than a week ago, was reported  
as "good" at Lakeside hospital today  
where she is being confined.

Hospital attaches stated that the  
woman flier is steadily improving  
and that she is slowly regaining  
complete oversight. It was at first  
feared that Lady Heath had been  
permanently blinded as a result of  
injuries received in the crash.

Physicians stated, however, that  
Lady Heath will probably never be  
able to fly again.

The Englishwoman was injured  
when her ship crashed into the roof  
of a factory here shortly after she  
had taken off from the air field of  
the Great Lakes Air Craft Co., en-  
route to the Municipal airport to  
participate in the 1929 National Air  
race contests Thursday, August 29.

Has Many Displays

Marion, O., Sept. 10.—They have  
a fair at Marion this week and today  
Mrs. W. A. Himmeger has a "fair"  
chance of becoming a prize winner  
as she has an assortment of dis-  
plays which, when enumerated, to-  
tal 101. They range from tomato  
butter to a crazy quilt.

Coopers Entertain

Columbus, Sept. 10.—Members of  
the Ohio Good Roads Federation  
and their wives were guests at a  
"tea" given by Gov. and Mrs. Myers  
Y. Cooper at the executive mansion  
this afternoon.

### Keeps Post

MRS. ALVIN T. HERTZ of Ken-  
tucky, who has withdrawn her  
resignation as vice chairman of the  
Republican National Committee on  
request of President Hoover.

### SCHOOL PUPILS TO WRITE ESSAY

"Why Buy In Salem?" Is  
Subject For Contest  
Of Bureau

Believing that school children  
have original ideas on many sub-  
jects, and to make public their ex-  
pressions on a point now at issue,  
directors of the city's community  
day celebration, which will be held  
Saturday, Sept. 28, will offer cash  
and other prizes to school pupils  
who write the best letters explaining  
why Salem's business establish-  
ments should be patronized.

Fifty-three prizes will be award-  
ed to winners in the contest. The  
first prize will be a cash award of  
\$15 in gold; second will be \$5 in  
gold, and the third, \$3 in gold. Next  
25 letters, judged as winners of suc-  
ceeding honors will be presented  
four tickets to Salem theaters, and  
following 25 will be given prizes by  
city stores.

Letters must be confined to the sub-  
ject, "Why It Is Best to Buy in Sa-  
lem," or "Why Buy in Salem."

The contest is open to all school  
children who reside in the commu-  
nity of which Salem is the trade cen-  
ter, between the ages of 8 and 15  
years. The committee in charge of  
the affair reserves the right to judge  
essays on their merits, and all  
awards will be made under the fol-  
lowing rules:

Ideas must be original in thought,  
but neatness, spelling, grammar  
and general composition will be  
given proportionate credit by judges.

Letters must be mailed to Contest  
Judges, Salem Community day,  
care of the Salem Business Bureau,  
Salem, Ohio. All must be sub-  
mitted and be in the hands of judges  
by 8 a. m. Sept. 27.

The essays must not contain more  
than 100 words, be written on one  
side of the paper only, and either  
by longhand or typewritten.

Contestants may, and are expect-  
ed to confer with parents and  
others, but ideas obtained must be  
set down and written by the pupils  
submitting the manuscript. No per-  
son may write an essay for the  
author.

Each contestant is eligible to  
submit only one entry.

Clifton Not To Act  
In School Strike

Columbus, O., Sept. 10.—Although  
Belmont county authorities indicat-  
ed that they expect Director of Edu-  
cation John L. Clifton to take ac-  
tion designed to end the strike of  
pupils affected by department of  
education's order closing the town-  
ship school at McClainsville, Bel-  
mont county more than a week ago,  
Clifton today took the position that  
he is "not concerned."

"If they (pupils) do not attend  
the school designated for them, they  
are truants and their parents should  
be prosecuted by the county super-  
intendent," declared Clifton. "It is  
not a matter for our office to han-  
dle."

Stabbing Follows  
Street Argument

Cleveland, Sept. 10.—Joseph Meyers,  
address unknown, was perhaps  
fatally stabbed early today when he  
and a companion, Archie Blair, 39,  
of Ware, Mass., became involved in  
an argument with a stranger on a  
street corner here, according to a  
report made by police.

Meyers and Blair were driving to  
Ashtabula to obtain employment,  
Blair told police. Meyers is in a seri-  
ous condition in a hospital.

Tokio Storm Swept

Tokio, Sept. 10.—Following five  
days of steady rain one of the most  
violent typhoons in years struck  
Tokio today. Many of the low-lying  
slum districts were flooded. The  
property damage was heavy.

### HEAVY FIGHTING HAS OCCURRED IN PAST FEW DAYS

10,000 Troops In Area;  
Civilians Have Left  
War Zones

INFANTRY, CANNONS  
GO INTO ACTION

Correspondent Reports  
Chinese Trenches In  
Excellent Shape

Harbin Manchuria Sept. 10.—Two  
Soviet and Chinese armies totaling  
about 40,000 men each equipped for  
field service and drawn up in battle  
array, face each other in the  
Pogranichnaya (Sufenho) region  
today.

This area has been the scene of  
violent fighting in the past 72 hours,  
the Soviet forces having bombarded  
Pogranichnaya with artillery dur-  
ing intermittent fighting between  
infantry.

The Chinese troops in that zone  
are estimated at 20,000 and the So-  
viets are believed to have an equal  
number.

Only 1,000 civilian residents re-  
main in Pogranichnaya because of  
the continued dangers from fighting  
between land and air forces.

The International News Service  
staff correspondent arrived in Har-  
bin today after a visit to the Pog-  
ranichnaya sector, where he visited  
the Chinese front lines just before  
the battle began on Saturday.

The Chinese defensive trenches,  
dugouts and machine gun positions  
are excellently constructed after the  
manner of such military works in  
France during the world war. They  
are manned by obviously determined  
troops.

RESERVE FORCES  
BATTLE BLAZES

Fire Situation Grave In  
Oregon; 1,000 Firemen  
Rushed to Scene

Portland, Ore., Sept. 10.—The for-  
est fire situation in Curry and Coos  
counties was considered to be ex-  
tremely grave today, as every avail-  
able man was rushed into the burn-  
ing areas to check the flames.

More than 1,000 men have already  
taken their places on the fire lines  
in the two counties. Forestry offi-  
cials asserted the situation was "ex-  
tremely bad." The fire is threaten-  
ing many acres of virgin timber and  
ranges.

Seattle, Sept. 10.—Additional fire  
fighters were being rushed to the  
Olympic National Forest today, to  
combat six new fires raging in that  
district.

Other fires were burning in  
Pierce, Grays Harbor and Clark  
counties.

250 PAROCHIAL  
PUPILS ENROLL

St. Paul's School Opens;  
Faculty Increased;  
Room Added

A total of 250 pupils are enrolled  
in classes at St. Paul's Catholic  
church parochial school, Rev. J. M.  
Casey announced today. The enroll-  
ment yesterday was the same as  
that on the first day of school in  
1928.

One schoolroom has been added  
to the school, due to the congested  
conditions present in lower grades  
last year. The new classroom was  
provided for second grade students,  
and is now in operation in a recent-  
ly completed portable building.

One teacher was also added to the  
faculty staff of the school, which  
has first to eighth grades, inclu-  
sive.

Stabbing Follows  
Street Argument

Cleveland, Sept. 10.—Joseph Meyers,  
address unknown, was perhaps  
fatally stabbed early today when he  
and a companion, Archie Blair, 39,  
of Ware, Mass., became involved in  
an argument with a stranger on a  
street corner here, according to a  
report made by police.

Meyers and Blair were driving to  
Ashtabula to obtain employment,  
Blair told police. Meyers is in a seri-  
ous condition in a hospital.

Tokio Storm Swept

Tokio, Sept. 10.—Following five  
days of steady rain one of the most  
violent typhoons in years struck  
Tokio today. Many of the low-lying  
slum districts were flooded. The  
property damage was heavy.

## WINTER COMES

It is difficult for those of us here at home to feel the cold of the weather of recent days to appreciate the significance of news from Colorado and points west that winter already has had hold of that region, and that snow has been reported in many localities, with temperatures ranging as low as 24 degrees.

We may not feel any of the effects of this early winter storm in the Rocky Mountain region, but whether we do or not, it should be a warning that it won't be long now until the summer days will be discarded in favor of the heaves and the storm coat.

Summer is a good season, but it gets tiresome, after a while. In the spring we like to feel the sun's warmth, and know that for several months it won't be necessary to stoke a furnace or growl at the janitor because the radiators are cold. But after a while, the heat sort of becomes oppressive, and one longs for refreshing breezes, and cooler atmosphere.

So with snow and sub-freezing weather reported in the Rockies, let us all be forewarned that Jack Frost and his cohorts are not a great ways off, and the first thing we know there will be chilly days and colder days and then down, right cold days.

## ASTONISHMENT

Can the world and his wife ever sober up? In recent days both were exuberantly athrill with the wonders of invention. There is more than a vodka "kick" in the material accomplishments which keep steadily distilling from the mind and skill of man.

The Graf Zeppelin, the Schneider cup events, the Cleveland air derby all brought out more forcibly the wonders of inventive genius, and Mr. John J. Public has had no opportunity at all to sort of taper off on thrills.

Now the latest in thrills is provided by the autogyro, for whose antics no verb may be readily coined. News of the strange contraption has penetrated to this country from Europe for about a year, but no one became excited over it because it was so far away. It lacked the nearness that would make it vital. But that nearness was provided at the recent Cleveland air show.

Commentators say the autogyro appears not unlike an ordinary airplane. It is not to be confused with the helicopter which rises and descends vertically and goes in no other direction. The autogyro rises steeply and then takes off as does the ordinary plane. The distinguishing features are the four blades which revolve horizontally above the cockpit. Without the fact of demonstration few would believe the scheme would work, but the test money is that it worked surprisingly well at Cleveland.

## THE DIFFERENCE

Washington takes its official ranking seriously, as may be gathered from the perusal of the wrangling which is going on and has gone on concerning whether Mr. Umpty-ump and Mrs. Deedee Dee shall sit at the head, or at the foot of the table.

This catering to classified glory has extended itself to identification of automobiles used by both famous personages as members of congress, cabinet officers, admirals, generals and ambassadors. These exalted gentlemen, in addition to a place on the inside track at dinner parties, have small brown tags bearing white embossed letters affixed to their automobiles ostensibly for purposes of ready identification and incidentally, perhaps, for the convenience of marauding traffic officers who might be slow to accord deference.

It is not for the public to scoff at such a practice. Some glory must be accorded the persons who work for the government. But an interesting situation has arisen over these little brown tags.

Washington bootleggers, who receive little of the public recognition,

which they get in private, if Mr. Mabel Walker Willebrandt's recent denunciations on the subject are to be taken seriously, have joined the elite in the motor parade down Pennsylvania and have bloomed forth with little brown tags just as neat as those bestowed upon their fellow citizens and occasional customers. Of course they do not blazon forth their occupation, but do indicate the tags of the congressmen who have increased vastly in number, as far as the Washington traffic department has been able to observe. The announcement has been made that tags will be removed from all cars whose owners do not merit them.

There may be some mean enough to wonder if the mere removal of a tag will make it possible to distinguish a bootlegger from a law-maker and whether, after all, the importance of the bootlegger in the life of the Federal city does not deserve some official recognition. It seems doubtful sometimes.

It is now intimated that the quieting down of the trouble in Palestine is due to the efforts of the mysterious Colonel Lawrence, who manifested such great influence over the Arabs during the World War in behalf of the Allied powers. If the intimation turns out to have been well founded, there is hardly a reward too high for the British to pay the "Man of Mystery."

Washington reports that Owen Thomas Edgar, ninety-eight, the last surviving veteran of the Mexican war, is dead. The human reminders of war pass, but unfortunately for mankind, the spirit of war lives on, and on, and on.

## What Others Say

## ANTI-IMPERIALISTS

Jews the world over are demanding, and with much justice on their side, greater protection for their co-religionists in Palestine. The British government is sending soldiers, battleships, and marines, and the cry is for more of them and a permanent force large enough to keep the Arabs in check. The Jewish protest is joined by Congressman Fish, who has demanded that the United States send a warship with marines at once. Senator Borah spoke at a mass meeting in New York attended by 25,000 Zionist sympathizers. He said the British government must provide some more definite program for the administration of Palestine. If that phrase means anything at all it means that Britain must throw more armed strength into Palestine, the temper of the Arabs is not likely to be cooled by anything less.

Mr. Borah, no doubt many of his hearers believe in the outburst of war. He is an anti-imperialist. For years he has opposed American intervention on behalf of American lives and property. He opposed intervention in Nicaragua under Wilson and Coolidge, and has given only a grudging support to the retention of marines there of late. He has repeatedly raised his voice against our policy of Haiti and Mexico.

"We want peace with these countries," he said a few months ago. "We should not invade their territory. I am one of those who believe that any controversy which may arise between ourselves and these smaller countries can be settled by pacific means and with due respect to their sovereignty and their sovereign rights."

The words mock him today, as they must mock any other anti-imperialist who sat in his audience in New York. What pacific means are to be employed against the Arabs which will satisfy Mr. Borah or the Zionist sympathizers? What right or duty has England to send troops to Palestine which it is not matched by the right and duty of the United States to send troops to troubled zones within its sphere? The Zionists can not deceive themselves with the notion that Britain has taken the responsibility of policing Palestine under the mandate solely, or even chiefly, for the encouragement of Zionist dreams of a Jewish state. That is merely the excuse. Britain is there because the control of Palestine offers a protection to the Suez canal and her other imperial interests.

America has exactly the same reason for keeping the peace through the use of armed force in Central America. That Britain has for keeping the peace in Palestine is a disquieting nature. There may be stubborn objections to the most energetic endeavor, with post-positions and disappointments. The personal affairs may likewise be overshadowed by depressing circumstances, or possibly a sorrow or bereavement.

Those whose birthday it is may expect a year of much activity, but of a rather undesirable character. There will be obstacles and disappointments and there is also augury of personal sorrow or loss. A child born on this day may be endowed with a degree of enterprise and initiative and will need that and indomitable will to push through to success over thwarting conditions.

Washington bootleggers, who receive little of the public recognition,

If Edison's protégé can resist temptations offered by vaudeville managers, magazine publishers and lecture bureaus to tell how he succeeded, he has the stuff in him for success.—*Louisville Courier-Journal.*

## Twenty Years Ago

(Issue of Sept. 10, 1909)

There were 24 births in Salem during August, according to the health officer's report.

Arden N. Y. E. H. Harriman, great railway magnate, died this afternoon.

Reich and Rusey will soon move their news stand into the room of the Tolbert building, formerly occupied by the Empire picture show.

George W. Ollip, 48, died Thursday morning at his home, three miles north of Salem. He is survived by his mother, two sisters, Mrs. J. B. Barnes and Mrs. Grant Elton.

Miss Florence Cochran entertained 12 friends at a luncheon and card party Wednesday evening in honor of Miss Edith Cooper, who returns to Tazewell, Calif., next week to re-enter school.

Mrs. P. F. Yenling, son Willard, and daughter, Miss Irene, have returned from Washington, where they spent five weeks.

Joshua Waterworth, of Salem, attended a dance at the Lakeside Country club, Canton, given by Miss Helen M. Weber, of Canton.

While operating a saw at the plant of the American Case and Register company Thursday morning, Jesse Marshall, West Fifth st., had his left hand badly lacerated by setting it against the saw.

W. G. Bentley went to Canton Thursday to attend the reunion of the 10th Co. V. I.

The Alliance public schools opened Tuesday. The enrollment of the high school is 325. There are 10 teachers in the high school this year.

Miss Grace Gable and Chas. Harris were united in marriage at 4 p. m. Wednesday in Canton. The bride is one of Salem's popular young ladies and has been a teacher in the East Fourth st. school.

The fall flowers at Centennial park are looking beautiful at this time and make the park entrance unusually fine and attractive.

## Woman Campaigns With Lucky Piece

New York, Sept. 10.—With a four-leaf clover as her emblem, Mrs. Grace Vanamee, Republican candidate for register, is looking for luck—and votes—in her campaign against Tammany.

The four-leaf clover will have to do it, as it was reported to have done, and perhaps more if it brings victory to Mrs. Vanamee against strongly entrenched Democratic party in New York county.

Her opponent, Mrs. Rebecca Hoffman, widow of Municipal Court Justice Hoffman, seem to consider the Democratic emblem, lucky enough in this ballad of the Democratic and hasn't adored any other.

## FRANKLIN SQUARE

Mrs. George Robins spent last week with R. B. Halverson and family.

Miss Geneva Zimmerman and brother Theo, left Sunday for Springfield where Miss Geneva will teach again this year and Theo will attend Wittenberg college.

Thomas, Barker and family of Alliance were Sunday guests in the George Allen home.

Mrs. Hannah Develer, Mrs. Emma Drake and Mrs. Horace Argon visited on Tuesday with Mrs. Maria Withelm near Summit.

Odeus Hatfield and family of Lorain were Saturday guests in the Frank Greenwald home.

Miss Mary Marshall and Mrs. Florence Develer spent Wednesday in Chester, W. Va.

Mr. and Mrs. Charles Circle of Racine, Wis., visiting with their daughter, Mrs. Lester Newhouse on Wednesday they were guests of last sister, Mrs. Mayes and family.

## NEGLECT OFTEN THE CAUSE OF DEFORMITY

BY ROYAL S. COPELAND, M. D.  
(United States Senator from New York)

There is no more disheartening sight than a young person badly crippled from a preventable cause. Many a person must go through life on crutches or using a cane, who might have enjoyed the full use of his limbs.

DR. COPELAND

Such cases are often the result of arthritis. This affects the young and old alike. It is often referred to as "chronic rheumatism."

Arthritis may be chronic or acute. In the acute form there may be a high temperature, swelling of several of the joints, soreness to touch and often marked redness of the affected area. The symptoms of acute arthritis are the same as those of rheumatic fever.

The symptoms of chronic arthritis may be gradual in their appearance. The real nature of the disease may not be recognized until there is marked deformity. The hands, knuckles and other joints, particularly of the fingers, become involved. They are very tender, tired, swollen and painful to move. There may be gradual dislocation of the involved joints.

When the diagnosis of arthritis has been made, every attention should be given to improving the condition. The source of the infection must be found and removed. This may be in the teeth, tonsils, nasal sinuses or it may be in the testicular tract.

Plenty of fresh air is essential. Care of the diet is the next essential step. The carbohydrates should be reduced, but not the proteins. In every case the diet must be nourishing. Water to drink is necessary as an aid in increasing elimination. Where cathartics must be used, the laxative waters are very beneficial.

Hydrotherapy, massage and basking all have their value. Just which kind of treatment to employ should be determined by the doctor treating the case. The true test, as regards the use of the affected limbs,

It is a great mistake to settle down on the practice of making no effort at movement. Even a joint healthy to begin with will grow stiff if not used regularly.

It is very important to keep up regular movement of the joints. Of course this is not good practice during the acute painful stage, but when the inflammation has subsided, some movement is important.

Answers to Health Queries  
Q.—H. R. M. Q.—What causes warts?  
A.—How can I make freckles less noticeable?

A.—It is probable that there is a germ of some kind responsible for their appearance. It may be planted in the skin by a trifling injury and then the inflammation has disappeared, the wart is very small it may be clipped off by your physician and the iodine applied to the base.

Q.—You might try applying equal parts of lemon juice and peroxide.

A.—D. R. Q.—What should a girl weigh who is 17 years old and five feet four inches tall?  
A.—What can be done for an oily skin?

A.—For her age and height she should weigh about 121 pounds.

Q.—Try applying hot and cold compresses alternately to the face for ten minutes night and morning.

N. E. H. Q.—What do you advise for prosochitis?  
A.—Why do certain foods cause a burning in the stomach, also gas?

A.—An examination will determine the exact cause.

Q.—This may be due to faulty diet and poor elimination. For further particulars send a self-addressed, stamped envelope and repeat your question.

J. M. Q.—What causes the feet to swell and ache?  
A.—May be due to a number of causes. It would be wise to have a urinalysis made.

## Chicago Woman Is First Air Shopper

Chicago, Sept. 10.—As far as it is known Mrs. Howard L. Willett, Chicago, is the first air shopper in the United States.

Sunday morning Mrs. Willett came home bringing with her one or two of the costumes made for her by the Hollywood designers for movie stars, accessories purchased on Fifth ave. in New York and a lot of ideas for gardens for her road terraces in Chicago. She has completed an 8,000 mile air and rail shopping tour.

Mr. Willett took off with his wife for their trans-continental flight three weeks ago. He returned to Chicago while she went to New York.

**SAVE WITH ICE**

Different foods need different temperatures for Safe preservation

SOME foods — the highly perishable ones — require a low degree of cold to keep them at their best, while others — vegetables and fruits, for instance, dry out, lose their natural juices and flavors if kept in a temperature too low. For this reason, a correctly constructed, well-iced and properly operated ice refrigerator is ideal for the safe-keeping of all perishable foods.

Consult chart. The accompanying chart shows where different foods should be placed and also indicates the temperatures which a good ice refrigerator maintains in the different compartments. A well constructed ice refrigerator easily maintains a temperature of 45° in the milk compartment, thus assuring safe preservation of the most perishable foods, while the temperature on the other shelves varies just enough to permit each food to be placed where it keeps best.

Just tell us to keep you well supplied with ice so that you'll have plenty on hand every day in the year. Should you wish help in selecting a good refrigerator, consult us.

This diagram is from a chart entitled "Using the Temperatures in a Good Refrigerator," issued August 1, 1929, by the Bureau of Home Economics, United States Department of Agriculture. The refrigerator temperatures assume a room temperature of 75° F.

# WOMAN SEEKS DIVORCE

Threats To Kill  
Husband

Sept. 10.—Helen Oana, of Salem, Ohio, through her attorney, M. C. Carthy & M. C. Carthy, has filed a divorce in common pleas court against her husband, John Oana, of Salem, Ohio, charging habitual drunkenness for over a period of years and extreme cruelty. The couple were married May 15, 1925, and three children are of the household, the youngest being 18 months.

The plaintiff declares in her petition that recently the defendant threatened to kill her and threatened to kill her guests at their home.

A restraining order has been granted by the court against the defendant, preventing him from disposing of his property and a hearing for temporary custody will be held next Monday before Judge Lones.

Entry In Case

A restraining order has been granted by the court against the defendant, preventing him from disposing of his property and a hearing for temporary custody will be held next Monday before Judge Lones.

Following the hearing in the common pleas court, the court granted a decree was granted the plaintiff on April 18, 1926. Last July an appointment was made to the court to appoint a trustee to take charge of the property and a hearing in this case, and a restraining order has been granted by the court against the defendant, preventing him from disposing of his property and a hearing for temporary custody will be held next Monday before Judge Lones.

Divorce Granted

On the grounds of gross neglect and a divorce decree has been granted by the court against the defendant, preventing him from disposing of his property and a hearing for temporary custody will be held next Monday before Judge Lones.

## Pajama Paraders Get Pinched

Dorothy Yankus (left) and Elman Bennett (right), two Kenosha, Wisconsin, flappers, paraded the streets of Chicago in pajamas to pay a lost bet. The girls stopped traffic and were arrested.

## Ordained Minister Walks Beat As City Patrolman

Washington, Sept. 10.—Armed with pistol, black-jack, club and authority, the Rev. Harley E. Metcalf, ordained Baptist minister, walks the streets of Washington by night. His brain is concerned with plans for next Sunday's sermon, his eye guarding the sanctity of the law. The two he believes are not incongruous and require no dual personality.

Metcalfe, who was born in Stamford, N. Y., was left an orphan at the age of 14. He has worked his way through the Stamford Seminary and took a job with George Taylor, a dairyman there. Taylor sent him to the Cornell special school during the winter.

In Aviation Service

Metcalfe could have had an appointment to an out-of-town church immediately after his graduation from the seminary, he said, but preferred to be a cop until he could get one here.

Metcalfe's experience as a patrolman gives me an insight into human nature which I could never have acquired in the pulpit and I cannot but believe it will help me there when I have laid aside my uniform for good," he declared.

## Seed Potatoes Showing Decline

Boston, Sept. 10.—A distinct decline in the acreage of certified seed potatoes planted this year was recorded by inspectors in the New England States and the Canadian provinces, the report of the New England Crop Reporting Service of the Department of Agriculture reveals.

Inspectors reported that only 44,783 acres of potatoes were entered for certification this year as compared with the 63,367 acre total of last year, and 48,299 in 1927. Every state and province has shared in the decline, the most precipitate drop being recorded in New Hampshire where the present crop dropped off 59%. Maine showed a decline of 34%, Vermont 16%, New Brunswick 23%, Nova Scotia, 18%, Prince Edward Island 30%.

The totals for all sections show that the acreage of Cobblers has

been reduced from 38% from last year, Green Mountain 20%, and Spaulding 41%. The acreage of Smooth Rurals was increased 41%, and Russets 6%. To date, weather conditions have been reasonably favorable to a good yield of certified seed potatoes in most of the states and provinces.

In Maine the outlook at this time is for good yields on the certified acreage. Last year, of 23,383 acres entered for certification, 16,847 acres passed the final inspection. In Vermont the growth is ahead of average in most sections. Virus disease conditions, however, are not favorable to a high percentage of the acreage passing certification, yet not severe enough to cut the yield appreciably.

Prince Edward Island, with 22,565 acres of seed potatoes entered for certification, again heads the northeastern states and provinces.

## FIRE PREVENTION WEEK

October 6-12

—It Pays to Observe It

Fire Prevention Week is an occasion of Presidential Proclamation—the Governors of our States also proclaim it. These are indications of its importance and significance to the public.

Communities which have adequately and intelligently observed Fire Prevention Week have profited by substantial reductions in the amount and number of fire losses occurring within that week, and the weeks immediately following.

### 650 Cities Have Year-round Program

Under the auspices of the Chamber of Commerce of the United States, 650 cities are competing in continuous programs of fire prevention and protection. In these cities Fire Prevention Week is an occasion for a fresh yearly start.

Chambers of Commerce and similar bodies realize that the prevention of destruction by fire of an existing industrial plant is just as important as the winning of a new enterprise for the community.

When fire puts men out of work they frequently leave the city or become a community problem such as arises in any locality lacking employment opportunity.

### A Comprehensive Program

The unusual facilities and information which the Stock Fire Insurance companies provide have been extensively used in such work and are constantly available to any individual, organization or community.

Comprehensive and intelligent programs of fire prevention and protection have been important factors in the reduction of the National Fire Waste and in making communities safer. This information may be obtained from the National Board of Fire Underwriters.

## Next Week

—your straw hat is garbage

Is your felt hat ready to wear? Custom says your straw hat must be discarded next week.

Before you buy a new hat, see what Wark's can do with your old one.

We offer you real hat cleaning—not a mere wiping with a gasoline rag. Today our hat cleaning is better than ever.

And you'll be astonished at the new smartness we

put back into the hat by skilful reblocking. We have all the best blocks, and a real hat blocker — not casuals.

Just ONE DOLLAR is the charge — and if you don't like the job simply ask for your money back. There'll be no argument, quibble or discussion.

Send it NOW, before the crowd. Show your foresight.

Social Affairs

**MEN'S BROTHERHOOD.**  
The Men's Brotherhood of the Trinity Episcopal Lutheran church will hold a corn roast for the entire congregation at the G. C. Greenleaf farm, Depot rd., Thursday evening. Each family is requested to bring its own sandwiches, wieners, and table necessities.

Games and other sports are being arranged by the committee. Transportation is arranged for everyone, those having no way to go being asked to meet at the church from 6 to 7 p. m. or call the pastor, Rev. G. D. Kester.

**JUST-A-MERE CLUB.**  
Mrs. Vincent Malloy, Mrs. George Hanny and Mrs. Nora Fink were welcomed as visitors when Mrs. Donald Stirling received associates of Just-A-Mere club Monday evening at her home, McKinley ave. Five hundred was a diversion in three tables in play. Honors the games were shared by Mrs. Malloy and Mrs. Herbert Ward.

In two weeks the members will meet with Mrs. Harvey Stuffer, McKinley ave.

**CARR REUNION.**  
Relatives from Salem, Cleveland, Alliance, Marlboro, Minerva and Damascus attended a reunion of the Carr family Saturday at Westville lake.

This is the first reunion of the family for eight years. Officers chosen for the ensuing year are: President, Thomas Crawford, Damascus; vice president, Mrs. Charlotte Carr, Marlboro; secretary, Mrs. Frank Carr, Alliance.

**STEADY CLEANERS.**  
The Steady Cleaners class of the First Friends church will hold a corn and wieners roast Thursday evening at the home of Mr. and Mrs. Koenitz, Newgarden st. Members are requested to meet at the church at 7:30 p. m.

A business meeting will also be held.

**MARRIAGE LICENSES.**  
A marriage license has been issued to Charles B. Cooke, resident, residing at Negley, and Miss Ethel Kane, daughter of Mr. and Mrs. Guy C. Kane of Negley. They were married at Lisbon by Justice of the Peace M. K. Zimmerman.

Roy W. Clavis of Joliet, Pa., a farmer and May Phillips of Wellsville, teacher, formerly residing at Garrison, Pa., have obtained a marriage license, and are to be married by the Rev. Roy.

**LEADY QUILTING.**  
The Women's Relief association will have an all-day quilting Wednesday at the home of Mrs. Hattie Murphy, McKinley ave. All members are asked to attend.

The women are working to fill their community chest.

**UNITY CLASS.**  
The corn and wieners roast of the Unity Bible class of the Methodist church is to have been held Tuesday evening at the home of Joel Coble, Ellsworth ave. has been postponed indefinitely.

**TO ARRANGE SOCIALS.**  
Committees representing the various branches of the Masonic fraternity will meet Wednesday evening at Masonic temple to arrange for a series of social events for the winter months.

**LOYAL WOMEN'S CLASS.**  
The Loyal Women's class of the Christian church will hold a business and social meeting Thursday evening at the church, instead of Friday evening, on account of the county convention at this church.

**WILLIAMS REUNION.**  
The annual reunion of the Williams family was held Sunday at Silver park with 45 in attendance. Some of the relatives were from Deloit, Alliance, Canton and Niles.

**MILNER'S.**  
Members of Circle 4 of the Methodist church will meet at 2:30 p. m. Wednesday at the home of Mrs. R. Miller, Lincoln ave.

Mr. and Mrs. A. J. Travis, of Chicago, who have been visiting her parents, Mr. and Mrs. W. P. Davis at High st., went to Mansfield Tuesday morning for a brief visit with Mr. and Mrs. J. C. Davis. They will return here.

Miss Alice Haviland has returned on a trip to Europe and has gone to Cleveland, where she is engaged in public health work. Miss Haviland spent Sunday with her parents, Mr. and Mrs. Charles A. Haviland, Damascus rd.

Mr. and Mrs. Clarence Whitacre, Newton Falls, formerly of Salem, and Mrs. Gus Hoppeck, formerly of Mrs. Gus Miller, formerly Ruth Hoppeck, of Winona, attended the McBride reunion Sunday at Warren.

Mr. and Mrs. Samuel Hilliard and his wife, Mrs. Hilliard, formerly of L. Emory Barnes, Ellsworth, and Mrs. Ed Morris, Niles, spent Sunday at Warren.

Mr. and Mrs. M. E. Cobb, McKinley ave., returned Monday night on a motor trip through western states. They attended a Cobb family reunion near Flint, Mich.

Mr. and Mrs. Fred Walker, of Okemville, Fla., who are visiting relatives here, will leave Friday for their home.

Miss Lorene Turner, Garfield ave., is returned to Muncie, Ind., to resume her duties as teacher in the high school there.

Diplomat Sues Norris

Dorothy Louise Norris (above), whose father is being sued for alienation of affection by Raul Alvera (below) Rumanian diplomat, whom Miss Norris recently divorced. Alvera wants \$25,000 halm for his aching heart.

**HELPING HAND CLASS.**  
A meeting of the Helping Hand class of the Methodist church will be held at 2 p. m. Thursday in the church parlors. A good attendance is desired.

Miss Amy Simon visited Sunday at the home of her father in Bloomdale, O.

Charley Burbick, of Cleveland, called on friends here Monday.

Knife Attack May Cause Man's Death

Cleveland, Sept. 10.—Philip Wagner, 42, of Pontiac, Mich., was believed fatally wounded today when he and a companion, Archie Blair, 45, of Ware, Mass., were attacked by an alleged drunken man here during the affray.

A man who was found near the scene of the attack by police, was held in connection with the slayings.

Decision Reserved In Ohio Bus Case

Columbus, O., Sept. 10.—Decision was reserved by the state utilities commission after a hearing held today relative to protests of the Pennsylvania Railway company and the Greyhound line against the application of the Canton-East Liverpool Coach company for authority to operate between Cleveland and the state line, enroute to Pittsburgh.

London.—The bus stars of 100 years hence will have a harking sidewalk as a big business outside every door. People will be able to wander about looking at shop windows all the way on the building.

HOME-MAKING HELPS

By Wanda Barton

The Young Husband looked at her so severely as he could at the Sweet Thing who asked him to take the vacuum cleaner that had gone wrong although she hadn't owned it for more than a few weeks. No, he couldn't fix it, she'd have to wait until the maker's repair man came around, and why on earth did she buy such an obviously cheap make anyway? Why didn't she buy a good one while she was about it?

"Because we can't afford an expensive one and you know it," she retorted indignantly.

"Well, a badly made tool isn't a bargain at any price," he finished the argument judiciously, and considered everything nicely settled, when he added for good measure, "you'd get to give up barren hunting. I pay to buy the best."

Very simple—except for the woman who has to make one income and an average modest one—cover a multitude of items. Not only must she make it stretch, but also she must know an appalling lot about the things she buys. Very simple for men to buy. A man buys his own clothes and usually in a favorite shop, so that the responsible fall on the dealer he's known, perhaps for many years. Most men don't even take the trouble to understand values in their own limited buying, placing their faith in the dealer's rather than in their own discrimination.

But most women buy an amazing variety of things. Not only clothes and textiles, but household machinery and equipment—things of wood, metal and china and glass. To be an expert buyer the average woman would require an extensive training in such things as mechanics and the fine art of a woman with not temporary squandering.

"Perry Day" Brings Back Memories

Sandusky, O., Sept. 10.—"We have met the enemy and they are ours." This immortal message was repeated in solemnity here today as Sandusky celebrated "Perry Day"—the 116th anniversary of Commodore Oliver Hazard Perry's famous victory over Commodore Barclay in battle of Lake Erie.

Perry's victory, history records, was the outcome of a giant undertaking. When Perry and his forces, outnumbered and nearly defeated, boldly gave the Britishers "all they had" and forced Commodore Barclay to send up the white flag of "surrender."

Consider Case

Marion, O., Sept. 10.—The Marion county grand jury which is convening here today has the murder case against Mrs. Harley McCumber under consideration.

The woman is charged with killing her husband.

THE HOME KITCHEN

By Jeannette Young Norton

Each year cauliflower comes a bit earlier to the table. It used to be in the winter vegetables class. But in these days when strawberries can be had in midwinter, our Wintery vegetables get the benefit of modern cultivation and transportation methods too, and cauliflower of good quality can be obtained in the late Summer and early Fall.

It is one of those vegetables that must be carefully selected, because if it's not first quality to begin with, no amount of cooking, or spicy sauce blankets will make good food of it. Good cauliflower is white and solid and the outer stalks bright green. Cauliflower with tan spots or broken, loose tops isn't worth buying. And it doesn't matter whether the heads be large or soft—size makes no difference in quality. But appearance does and you can choose a prime head at a glance.

Those who enjoy natural flavors will find cauliflower specially delicious if it is served with only a moderate amount of seasoning. This is not a general custom, however. Cauliflower is one of those things which usually are floated in white sauce. Good enough, if one likes it, but there are many other tastier ways of preparation.

Remove the outer leaves and put the cauliflower in a large basin of cold, salted water. Leave one hour—so that any insects which may possibly lurk in the tight heads will be drawn out. Then remove and place the cauliflower in boiling salted water. It takes from 20 minutes to 35 to cook, depending of course on size. But test for tenderness occasionally, and as soon as ready, remove from the fire. Cauliflower should never be overcooked—it not only discolors, but gets pasty instead of succulent.

Stunning Tweed Frock

PATTERN 1656

Salem News 15c Practical Pattern

An unusually attractive model is shown today, with cleverly cut skirt falling from the right side of the vest. Design 1656 is smartly tailored and needs no trimming because of the beauty of its lines and the novelty weave of the fabric.

Bits of red, blue or green, with mixtures of black and white, or brown and tan tweed, constitute the smartest fall materials. The belt is suede in black or brown, and the buttons of bone may be selected in the same color. Taxed hats are new, and complete a perfectly ravishing costume.

May be obtained only in sizes 16, 18, 20, 22, 24, 26, 28 and 30.

Size 16 requires 2 1/2 yards of 54 inch material.

This model is easy to make. No dressmaking experience is necessary. Each pattern comes to you with simple and exact instructions, including yardage for every size. A perfect fit is guaranteed.

Patterns will be delivered upon receipt of FIFTEEN CENTS (15c) in coins carefully wrapped or stamped. Be sure to write plainly your NAME, ADDRESS, STYLE NUMBER and SIZE wanted.

Our LATEST FASHION BOOK will be sent upon receipt of TEN CENTS in coin. Address all mail and orders to SALEM NEWS Pattern Department, 243 West 17th Street, New York City.

One Killed As New Machine Turns Over

Dayton, O., Sept. 10.—Luther Thurman, 21, is dead today and a companion is seriously injured as a result of Thurman's new auto turning over twice. Thurman was taking his first trip in the car. Two other persons escaped injury.

Charles E. Minge, 33, was arrested on a manslaughter charge after his machine was alleged to have run over Herbert Morgan, at Middletown.

30 Die In Blast

Moscow, Sept. 10.—More than 30 persons were reported killed today in an explosion of thousands of tons of naphtha from an oil barge in the Volga river.

A dispatch from Yaroslavl said that the 12 members of the barge's crew had their families with them.

St. Louis.—The population of St. Louis based upon the United States census bureau's method of computation is 877,429. It was estimated by the research bureau of the local Chamber of Commerce. This shows an increase of 9,329 over the census bureau estimate of July 1, 1928.

STYLE EDICTS

Paris, Sept. 9.—A fur for every hour in the day is what the French fashions are furnishing for fashionable wear this winter. Long past is the day when a general rough and ready fur garment served duty from the time of the morning walk until after the ball at midnight.

For the walk or ride in the Bois or sports wear of general utility there are long coats of antelope with narrow strips of brown fur running from top to bottom giving a striped effect for the seal is several shades darker than the antelope. Sometimes these antelope coats come leather-bound.

Beige chevrons and natural musquash make other attractive morning wear.

Most fashionable will certainly be the black short-haired furs such as caracul, astrakhan, broadtail and poney. One maker is using broadtail like supple fabric for a number of his famous tailors. The skirts will be warm and cozy on cold days. A coat of silky, soft poney-skin has a flared skirt and large collar in the latest shade of pale grey.

Very dressy is a coat in Galiano cut on princess lines with a dipping back and a slight dip on either side of the front. Very supple natural black musquash is being worked in the manner of sable or mink. Ocelot, which is a kind of baby leopard, makes charming coats and one house is showing a delightful model in Parisian lamb with a large flat shiny curl straight in cut with a high collar coming to two broad points at the back. The cuffs are a modified minkette and the lining is worked in narrow bands of crepe de Chine in modern coloring with a loose scarf repeating this note.

Fur capes that turn both ways, with equal success will be very fashionable for opera wear.

Paris, Sept. 10.—Charming little rounded jackets cut away over the hips are putting the finishing touches to nearly every costume that comes from the chic couturiers collections this season.

They are delightfully quaint as any that ever came from the old Godey's Books and appear in every material the dressmakers are using for winter, tweed, broadcloth, leda and other woollens for daytime, with silks, lustrous satins, nets and mouselines for evening.

One designer uses lovely soft musquash to make his little jackets trimmed all around the edges with a narrow band of fur, black astrakhan, caracul, nutria or broadtail. To wear with a tailored frock of the same material of exactly the same shade, made with a plain bodice and usually buttoned up the front with a narrow belt and slightly flaring skirt.

To make them more Godey-like than ever, he often adds a tiny round muff with scarf to match, one in black broadtail and white ermine being especially attractive.

A charming jacket, assembles comes in deep burnt orange tawed, the plain tailored frock trimmed with rows of dark brown buttons and the little old-fashioned jacket with collars and cuffs of astrakhan dyed the very dark-brown shade the French call tete de negre.

For evening these little rounded jackets are both pretty and practical and a lovely one seen at the Chateau de Madrid recently comes in a light brown lace with the coat edged in mink.

Sometimes velvet or velvet brocade is used or a gold threaded material and one of the designers still favors sequins and sparkles to make some delightful little evening jackets.

Old-fashioned colors are the rule for them such as old blue, royal purple, cinnamon-brown and bright emerald-green.

## NEW ROCKET TO EXPLORE SKIES

University Professor To Conduct Experiment On Atmosphere

Worcester, Mass., Sept. 10.—Prof. Robert H. Goddard of Clark University, whose rocket sent up in quest of data on the condition of the upper strata of the atmosphere, exploded in mid-air far short of its mark, is preparing to make another test in early autumn.

Work on the new rocket is being pushed with utmost speed in order to complete the second aerial messenger to the higher air levels before German scientists, reported engaged on a similar experiment, have an opportunity of sending up their mechanism for testing the temperature and density of the ether.

Professor Goddard is most emphatic in denying that he hopes to send a rocket to the moon now. He disclaims any interest in a lunar trip, preferring to determine the density, temperature and other qualities of the rarified air far above the earth's surface first. His theory holds that the air at high levels is very warm, contrary to the testimony of aviators to the effect that the temperature at great heights is extremely low.

While declining to explain the mechanism which propels his rocket skywards, Professor Goddard stated that the common supposition that it contained successive charges of gas, which carried the apparatus skywards, when exploded at regular intervals, was erroneous. The rocket will carry a number of delicate recording instruments, which will be automatically released when the peak of the upward drive is reached. They will then come floating to earth on small parachutes, especially designed for the purpose. He hopes to secure all his data from these recording instruments.

Professor Goddard stated that long distance radio waves travel at a height of 60 miles above the earth's surface.

### Back Pay Given To Discharged Soldier

Hume, Mo., Sept. 7.—William D. Beatty was sworn into service in the United States army October 6, 1917. Two months later an official handed him a paper he believed was a discharge. Some time ago he joined Linn post, American Legion. It was soon discovered he still was in the service of Uncle Sam as he had no discharge.

The matter was taken up with the war department June 28 he received a discharge bearing that date. The next step will be to collect pay for 11 years' service in the army. There is no other case like it in the history of the late war.

### Vail Phone Medals Go to State Workers

New Haven, Sept. 10.—Vail telephone medals were presented in Connecticut, this month, to William E. Clark, a New Haven lineman, who rescued a mother and daughter from drowning in the waters off Guilford, and to Warren M. Hyde of Middletown, an inspector of telephones, for saving a woman taken apparently lifeless from the water, by use of artificial respiration. H. C. Knight, vice president of the Southern New England Telephone Co., presented the medals.

Koenigsberg—Three times within the last two years one cow after another—and every time in East Prussia—has established a new record for Germany. And now comes "Eke," owned like the last record-breaker, by Herr von Batschki-Bledau, and sets a new record with 29,780 pounds of milk in one year.

Berlin—Karl Noack, one of the Luft Hansa's aviators, has just celebrated the completion of his 700,000th kilometer, or roundly 434,700 miles, as a pilot. He made his first flight in 1917, and has been a commercial pilot since 1921, in which time he has flown all the great international European routes, including the night stretch between Berlin and Moscow.

### Heads 'Flying Corps'

Latest picture of Sir John Salmond, newly appointed Marshal of the British Royal Air Forces, who will lead Britain's aerial armada in peace and war.

### Asks Federal Aid

Herman Bernstein, noted Jewish war correspondent, made a hurried trip to Washington to ask aid from the United States for his brethren in Palestine. He was received by President Hoover, who discussed with him the chaotic conditions in the Near East.

## MOVIES

"NEW ORLEANS"  
"New Orleans" the special all-talking, singing feature continues to be the attraction to throngs of theater-goers at the Royal tonight and Wednesday.

Ricardo Cortez is featured in the leading role.

"SHE GOES TO WAR"

New in theme and decidedly so in its telling, "She Goes to War" which story holds the screen at the State theater starting yesterday, reveals many startling qualities in a motion picture.

Eleanor Boardman, heroine of this Rupert Hughes story is revealed in an entirely new characterization. It is totally unlike anything she has done heretofore. As the pet of society in a small community, she is first quite unlikeable, but when her regeneration takes place, she finds her way into the hearts of everyone.

Director Henry King has his characters decidedly human—there is not one exaggerated note in the entire production. He has traced it with charm, numerous comedy touches and dramatic highlights, which lift it far and above the average war story and the average screen story.

John Holland, a find of King's brings to the screen the typical American leading man, Edmund Burns, who has heretofore featured juvenile characterizations turns from the beaten path and in the role of Reggie Van Ruyper reveals a new Burns and a character that holds one's interest throughout the picture.

Al St. John shoulders the entire humorous highlights and then comes through with a remarkable performance as a dramatic player.

### Bandit Turned Over To Akron Officials

Cleveland, Sept. 10.—Edwin Heston, 31, alleged cat bandit, will be released to Akron police for prosecution, Cleveland authorities announced today.

Heston, who was arrested Sunday in Chicago by Cleveland and Chicago police, has been identified as one of three men who held up Roky's Cafe in Akron last June 16, according to police.

Pension Leader Out  
Cleveland, Sept. 10.—The leadership of City Manager William R. Hopkins on pension legislation for policemen and firemen today was deserted by the city council following a heated session of that body last night. The council voted to try out the newly enacted state laws, which Hopkins and the city law department have declared illegal and unconstitutional.

Hartford—Connecticut motorists had 50 automobile law changes to digest this summer. By the last week in August the new laws were available to motorists in a book of two hundred solid pages and an index of 40 pages. The index was larger by three pages than the preceding issue.

### About Town

#### Class To Meet

The first meeting of the Bible and catechism class of the Trinity English Lutheran church will be held at the church, corner of Woodland and McKinley aves., Thursday afternoon at the close of public school classes.

Boys and girls of the congregation who expect to enroll in classes for the school term are requested to meet with the pastor, Rev. G. D. Keuster at this time.

#### Recent Births

Mr. and Mrs. Russell E. Hannay, Hawley ave. are the parents of a daughter, born Saturday morning. She has been named Joan Irene. Mrs. Hannay and baby are at the home of her mother, Mrs. William Mullett, West High st.

#### Teaching In Allinace

Four Salem young women will teach in the Alliance public schools, which opened Monday. They are: Miss Mary Herbert, Miss Dorothy Lease, Miss Dorothy Paxson and Miss Leota Eakin.

#### Salem City Lodge

One candidate was given the fellowship degree at a meeting of Salem City Lodge No. 698, F. & A. M. Monday evening at Masonic temple.

#### Camping At Glens

About 30 boys from the Lincoln High school, Midland, Pa., are camping at Eagleton's glens, Salem-Linden rd. this week, and practicing football.

### Governor Appoints Industrial Group

Boston, Sept. 10.—Two members of the New England council have been named by Gov. Frank G. Allen as members of the newly created Massachusetts Industrial Commission.

Col. Frederick H. Payne, president of the Associated Industries of Massachusetts and Commissioner of Agriculture Arthur W. Gilbert are the two council members appointed to the commission. Other appointed members of the new commission are Andrew Raeburn, of New Bedford; Thomas O'Hare, labor official, Louis Kirscht of the William Eliott & Sons Co., and Paul Fitzpatrick, dry goods wholesaler.

### Church Official Dies

Granville, O., Sept. 10.—Funeral arrangements are being made today for William H. Albery, 79, for 20 years secretary of the Protestant Episcopal diocese of southern Ohio, and a former Columbus banker, who died here last night from complications caused by pneumonia.

Bourg, France—Will marriage reform a bandit? Three bandits think it will and the justice of the peace of this town has decided to give them their choice of hymen over a prison cell. The ceremony was performed in the town jail. The bandit trio married three sisters whom they have courted off and on between raids around the countryside.

# Stone Faces Problem Of Replacing Graduating Grid Stars

## Prospects Of Winning Aggregation Nothing Out Standing To-Date

Gradual process of selecting Salem High's grid machine for the football season was started on its second step, Monday afternoon, when the entire squad of candidates was given a two and one-half hour drill at Reilly Stadium. It was the first practice held at the school since the season.

Several matters became outstandingly apparent as the session progressed, yesterday afternoon, among the most important ones of which was the fact that Coaches Floyd Stone and William McCord will have a difficult task facing them before many moons are up in lining the varsity aggregation, due to the work they find in the replacing of the veterans who graduated last June.

There is no Ed Sidinger has appeared to direct the team in such a manner as it has been in the past; a Patsy Konert is needed to run the team, and a center of the class Jimmy Scullion, last year's captain, will be looking for. Tackles like Bob Van Blaricom come from the school's history.

There can find much to wait about, when the gridgers begin their evening session, but there is no doubt about it, but there hasn't been any remarkable shown by any of the seniors early for that, for the seniors have three in which to make final selections to the first game.

**Progress Made**  
One that expects another Sidinger, or Konert, or Scullion, or Van Blaricom, or any of the seniors of last season from the grid machine, now working out, is just naturally expecting much, and even though that may be, it isn't right. There has been made so far in the sessions, and who knows that it won't be long before the ruffles on some of the seniors will develop the graduates' successors, and others will be ready.

There are plenty of backfield prospects included in the squad, and Coach Whinnery and Bill Whinnery are the main left-overs from last year for the ball-carrying number. Coach Whinnery and Bill Whinnery, and a couple of others, are the main left-overs from last year for the ball-carrying number. Coach Whinnery and Bill Whinnery, and a couple of others, are the main left-overs from last year for the ball-carrying number.

**Seeks Punter, Passer**  
Right now Stone's main concern is to find a punter and passer. He has just about everything else, but he really last season but Stone year will have to depend on the seniors. He has just about everything else, but he really last season but Stone year will have to depend on the seniors.

On the whole, there is nothing definite yet. Van Blaricom and Scullion are a big hole in the front line through their graduation. There is the same old problem of finding a couple of pass-catching ends—to compare with Poly Sartick, used at the end last season, has been moved to the pivot post in most of the early workouts, and looks best there.

A full review of the complete situation is this: the team to date is nothing remarkable, but the prospects, real prospects, the development of an aggregation every bit as classy as the team of last year.

## Association Teams Sued By Spectator

Louisville, Ky., Sept. 10.—A \$15,000 damage suit is pending against the Columbus and Louisville teams of the American association here today on behalf of Frank Davis for the alleged loss of an eye when he was hit by a batted ball while the two teams were playing here last year.

The petition was filed by Davis' mother, who alleges that while her son was an employee of the Parkway field here, he was hit by a ball batted by Zumbro, Columbus pitcher, while walking across the field on September 24, 1928.

Tokyo.—Seventy thousand school girls in Japan suffer from near-sightedness out of the total number of 221,000. The percentage is more than double that in 1917 and is causing the educational authorities as well as individual educators great alarm.

**Cubs Move Closer**  
The Cubs moved one step nearer the National League pennant by staging a ninth-inning rally to humble the Braves, 4 to 3. They now need only eight games to clinch the pennant. Hack Wilson's thirty-seventh homer of the season gave the Cubs a 2-2 tie in the seventh. Root walked in a run for the Braves in the ninth but Stephenson's homer evened things up. The winning run came when Tolson singled and scored on Taylor's double. Wilson's homer put him in a tie with Chuck Klein as the league's leading slugger.

Determined to play, the Giants and Reds laughed at rain and completed two games, the Giants winning both, 5 to 3 and 10 to 4. Dark ness ended the second encounter at the end of the fifth inning. Hubbell and Fitzsimmons were the winning pitchers.

Pittsburgh scored four runs in the seventh to whip the Robins, 9 to 7. The Phillies ended their series with the Cards by winning, 9 to 3. Lefty O'Doul, league's leading batsman, helped his average along with three out of five, one a home run.

## Ruth's Illness Ruins Chances Of New Record

## Bambino, With 42 Home Runs Might Have Made New Mark

By HENRY McLEMORE

New York, N. Y., Sept. 10.—Babe Ruth, reports have it, is making elaborate preparations for soundly kicking himself. All because he allowed his many and varied ailments to make an invalid of him during the merry month of June—a 30-day stretch that Mr. Ruth argues is almost as suitable for the giggling of bridesmaids.

It will be remembered that the Babe was out of the Yankee lineup the better part of June, due, according to pieces in the paper, to fallen arches, weak ankles, pulled tendons and a lame back. It was later revealed that a severe bronchial cold was his main distress.

It is Ruth's contention that had he been wearing a flannel suit in June instead of a silken dressing gown his home run record of 60 would be in serious danger. There is more than mere optimism in this contention as his 42 smacks of today will testify. He will probably bat nine or 10 more into the bleachers before the season ends for a 50-plus total. Add to this the 10 or more he might have hit in June and you will see why the Babe is annoyed. June has usually been a productive month for Ruth. Last year he collected 11. In 1927 when he made his record he gathered nine, while in 1921 he made less than 13.

All of which has very little to do with yesterday's baseball when rain again interfered with the day's play, causing postponement of three games in the American. Detroit, New York, Philadelphia and Cleveland were kept idle as well as the second game of the St. Louis-at-Boston affair.

The Red Sox took the one game played with the Browns, 6 to 2 despite the slippery condition of the field both outfits put up sound defensive games.

Young Ed Walsh allowed the Senators only six hits as the White Sox pounded out a 6-to-4 win.

**Cubs Move Closer**  
The Cubs moved one step nearer the National League pennant by staging a ninth-inning rally to humble the Braves, 4 to 3. They now need only eight games to clinch the pennant. Hack Wilson's thirty-seventh homer of the season gave the Cubs a 2-2 tie in the seventh. Root walked in a run for the Braves in the ninth but Stephenson's homer evened things up. The winning run came when Tolson singled and scored on Taylor's double. Wilson's homer put him in a tie with Chuck Klein as the league's leading slugger.

## He New "Beak"

Ever since Georges Carpentier, French pugilist, received a clout on his beez, in days gone by, he has longed for the patrician nose of his ancestors. However, it took a gentleman by the name of Ginsberg to bring back the aquiline snoot, and now all Hollywood is agog with envy at the French star's latest acquisition. It is intimated that the famous Dr. Ginsberg fashioned the new proboscis from a hunk of Georges' ear—but why bring that up?

## Bantamweights In Final of Boxing Show At Alliance

Alliance, Sept. 10.—Howard Mayberry, Monessen, Pa., former Canadian bantamweight champion and Danny Raeburn of Warren, will be the principals in the 10 round headliner of Promoter Ray Barnes' initial indoor boxing card of the season, Tuesday evening.

The semi-finalists will be "K. O." Huk of Akron and Marty Spicola of Cleveland, two hard hitting middleweights. The card will include 30 rounds in all.

The first bout will go on at 8.30.

## Fight Results

At Baltimore—Louis (Kid) Kaplan, former featherweight champion, scored a technical knockout over Henry De Wanaker of France in the seventh round (10).  
At Cincinnati—Freddie Miller, Cincinnati, took decision over Mike O'Dowd, Columbus, in 10 rounds.  
At Trenton—Young Terry, Trenton, won technical knockout over Cuddy De Marco, Pittsburgh, in seventh round, (10).  
At Chicago—Bobby O'Hara, Augusta, Ga., and Jack McKenna, Toronto, fought eight rounds to draw.

## COURT NEWS

**Plaintiff Dies**  
Because of the death of Peter Spell, plaintiff in error in a case against the State of Ohio as defendant in error, the petition of the plaintiff has been dismissed. Spell was fined \$2,000 and costs by Mayor W. L. Fogo at Wellsville, Aug. 15.

## Thud Of Bouncing Footballs Heard On 28 Ohio Gridirons As Workouts Start

Cleveland, Sept. 10.—The thud of bouncing footballs was again heard around the Buckeye state today as foot met pigskin on 28 Ohio gridirons.

Teams of these score and eight institutions swung into action in earnest to give Ohio's football fan the thrill which only a first practice session can give. This thrill is followed only by the start-whistles as these same eleven assemble on the field to battle their new and ancient foes.

Prospective members of teams included in the Buckeye Athletic Association, Ohio Conference and Northwest conference gathered at their home camps yesterday to prepare for the first practice.

Ohio State, the largest of Ohio universities, starts its early training next Monday, with Sam Willaman, its new head coach, at the helm. More than a half-dozen unaffiliated colleges will begin their grid training within the next week.

Among the smaller schools, the undefeated last year and had had spotlight is turned on the "Big Six." Ohio Wesleyan, Wittenberg, Miami, Denison, Cincinnati and Ohio. Some excellent football was played in this conference last year, and the rivalry is keen. Coach George Gaither of Wesleyan has assembled a coaching staff of nine men in an effort to win a clean-cut title this year. The bishops shared honors with Wittenberg last year.

**New Coach At Wittenberg**  
William T. Stobbs, Wittenberg's new mentor and Coach Chester

Pittser at Miami each expect 60 candidates to report before the close of the first week's practice. Coach Don Peden at Ohio has 14 letter-men who hope to dedicate the new \$185,000 stadium of the Bobcats with a win Denison and Cincinnati, the other members of the Big Six aim to finish higher than they did last year.

In the Ohio Conference, Heidelberg and Muskingum appear as the leaders. Heidelberg, under the coaching of Herman Sayger, was one tie. Coach Bill Lange and his Muskies are concentrating on building up a new line for their 1929 campaign. Muskingum does not begin its practice until next week.

Bowling Green champions of the Northwest Conference last year, will attempt another lease on the title. They were tied twice by non-conference teams in 1928.

Coach "Bub" Wilson and his Denance college "Yellow Jackets" are out to take the flag which they narrowly lost last year. A veteran Denance squad has reported for the first practice session.

**Cedarville Meets Transylvania**  
The season opens Sept. 21, with

three Buckeye teams scheduled to take the field. Ohio Northern and Bluffton tangle at Bluffton, while Cedarville goes to Lexington, Ky., for a game with Transylvania college.

The season gets in full swing Sept. 28 when 31 Ohio college teams get into action on 20 gridirons. Denison's engagement with the navy at Annapolis is the high spot of the day. The following week will see every team in the state in the race.

### EAST ROCHESTER

A family reunion was held at the home of Mr. Elizabeth Abrams Sunday in honor of Mr. and Mrs. Cal Kelley and family of Roxton, Colo. He has six sisters and their families were present. They are: Mr. and Mrs. Tom Wells and family of Delroy; Mr. and Mrs. Ed Higgins and family of Minerva; Mr. and Mrs. George Hoobler and family of Magnolia; Mr. and Mrs. John Jones and family of Delroy; Mr. and Mrs. Garfield Walters and family of Akron; Mr. and Mrs. Fred Kohler and family of Akron. Others were present from Canton, Wellsville, Minerva, Amherst. There were 69 present in all and enjoyed a picnic dinner at noon. This was the first visit in 15 years for Mr. Kelley who used to live in Ohio.

Mrs. Brand, son Reuben, and grandson, Gerald Brand, were guests of Mr. and Mrs. Clyde Little. Mr. and Mrs. Dan Wolf spent several days at the home of Mr. and Mrs. Elsie Sauer at Bridgewater.

Mr. and Mrs. Jesse McBride visited Mrs. McBride's sister-in-law, Mrs. George Gamble in Minerva, who suffered a stroke of paralysis. Her right side is paralyzed and she is unable to talk.

Mr. Olin McGee and son of Minerva are visiting her parents, Mr. and Mrs. John Elton.

Mr. and Mrs. John Brand of Minerva are visiting the Brenner families and Mrs. Brand and son.

### Big and Little Brothers of the Ford Family

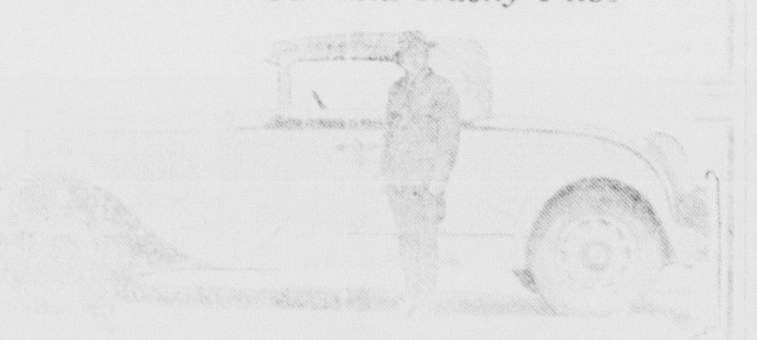

See the Lincoln and Ford cars of the Goodrich Silver Fleet and you will know why they are called the Big and Little Brothers of the Ford Family.

### THE SALEM MOTOR CO.

McKinley Avenue

### Handsome Car and Husky Pilot

The Buick of the Goodrich Silver Fleet looks good and runs so good that it has been driven more than 20,000 miles of all kinds of roads and all kinds of weather. Pilot Taylor says that you can't beat a Buick—especially when it comes to Silverfleets.

### THE SALEM NASH CO.

New Location: Main St., Opp. Postoffice

APRILS, LEAGUE, FRANCELARNO, M, T, O, T, E, R, A, S, O, D, E, B, O, N, R, E, T, I, B, E, L, P, H, A, L, S, O, D, I, O, L, D, I, A, N, O, S, E, R, I, A, N, C, E, L, E, O, I, P, A, R, K, E, L, B, U, R, N, C, R, O, P, T, E, L, I, T, E

Mrs. Thomas Herron and daughter, Margaret, of Cleveland, were guests of Mrs. Kuntz and family.

Mr. and Mrs. M. W. McDonald had as their guests Mr. and Mrs. Frank Goup of Cleveland and William Baughman, Harley Gonsatt, Earl Archer and two sons of Zanesville.

Ruth Ellen spent Friday with her mother and aunt Mr. and Mrs. T. E. Whitacre.

Dr. and Mrs. C. C. Taylor and family have returned home from a four weeks camping trip in Canada.

Mr. and Mrs. J. F. McDonald were recent guests of Mr. and Mrs. Elvin Woodward and family of Cleveland.

Mrs. Donald Hill and children of Cleveland were calling on friends here.

Mrs. Jennie Myers, who has been very ill is improving.

Mr. and Mrs. Paul Humphrey of East Liverpool were guests of her parents, Mr. and Mrs. William Baughman Sunday.

Mr. and Mrs. Dave Anthony visited her parents, Mr. and Mrs. Rosti near Moultrie.

Mr. and Mrs. Lewis Black of Irondale, were recent guests of Mrs. Kuntz and family.

The barn on the Emory Wickertown farm was destroyed by fire Friday afternoon. The origin of the fire is not known.

Achievement day for the 4-H Sewing club of East Rochester was held at the home of the leader, Miss Vinette Frantum, Saturday. A covered dish dinner was served at noon. Thirty-six members and guests were present. The dress making contest was open to each member of the club numbering 24. In the older group resulted in first prize given to Twila Kibler, second prize, a thimble to Jean Pieren, Younger group first prize, \$1 to Mary Jane Kibler, second prize, 40 cents to Irene Reed, third prize, 30 cents to Denelda Brenner. The judges for these prizes were Mrs. J. T. Gardner and Mrs. P. L. Vanepp.

The dresses and other "ready to wear" in 1, 2, 3, 4 years' work which were made by members resulted as follows: First year work, first place, Mary Jane Kibler, second, Arlene Hartman. Second year work, first, Eunice Frantum, second, Denelda Brenner. Third year work, first, Jean Pieren, second, Wanda Pieren.

### Catalogue Library In British Museum

London, Sept. 16.—If sufficient financial support can be obtained it is proposed to publish the largest and costliest catalog in the world—a guide to the 3,000,000 or so books in the British Museum Library.

The last catalog of the great library was issued between 1881 and 1909, and contained approximately 100,000 volumes, with about twenty entries to a volume.

The number of volumes in the new edition would be about 160,000. This would mean the issue of a new edition in 165 volumes of 500 pages.

With 400 subscribers it will be possible to offer the catalog at \$15 a volume; it would be issued at the rate of 15 volumes a year, so that the cost to a subscriber would be about \$225 a year. The complete catalog will cost subscribers approximately \$2,500.

Paris—Jane Smith is a New York school teacher who thinks her hair is worth \$550. So she is asking that much from the Parisian hairdresser who made her lose it. Jane asked for a hair dye, he gave her a depilatory by mistake.

Fourth year work, first, Ruth Gardner, second, Kathryn States. These dresses will be displayed at the Lashen fair. Judges of these dresses were Mrs. Alban Taylor, East Rochester, and Mrs. Elizabeth Bets of Minerva.

During the afternoon Mrs. Frantum conducted the program. A piano solo was given by Ruth Gardner and Jean Pieren. Recitations by Denelda Brenner and Irene Reed. Individual demonstrations were given by Jean Pieren, Wanda Pieren and Ruth Vanepp. A vote of thanks was extended Mrs. Frantum by the club.

The club members are:

First year: Lorena Bonardi, Mary Jane Kibler, Irene Reed, Ethel Urmon, Charlotte Frazer, Dorothy Hartman, Mary Kuntz, Arlene Hartman and Edna Lowrey.

Second year: Denelda Brenner, Eunice Frantum, Twila Kibler and Betty Langman.

Third year: Velma Lower, Jean Pieren, Wanda Pieren, Ruth Gardner.

Fourth year: Gladys Merrick, Ruth Vanepp, Ruth Gardner, Dorothy Lowrey, Barbara Ruff and Kathryn States.

## STOMACH TROUBLE?

"DIASTATIC DEFICIENCY" AND "TOO MUCH ACID" CAUSE 9 OUT OF EVERY 10 ATTACKS

"DIASTATIC DEFICIENCY" (failure to digest starches) causes more than one-half the cases of stomach trouble. Because of this deficiency, potatoes, bread, macaroni, rice, breakfast cereals and other starchy foods remain in a semi-solid condition and refuse to move on and out of the stomach. This stoppage causes INDIGESTION, GAS, FERMENTATION, SORENESS, SICK HEADACHE and other common troubles.

"TOO MUCH ACID" is the cause of almost all the remaining half of our stomach troubles. It is the result of fermentation and excess digestive acids.

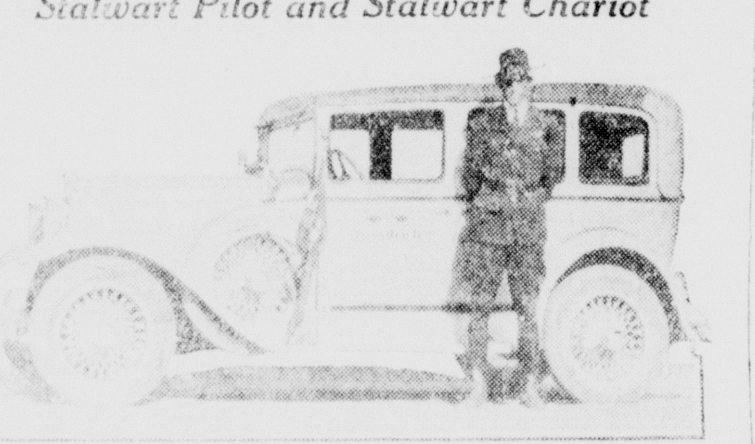

ACIDINE, the new discovery, is a perfect antacid combined with "Lactase," the most effective known starch digestant, one round of which will digest more than 800 rounded slices of food.

ACIDINE IS THE FIRST COMPLETE REMEDY FOR STOMACH TROUBLE—AN ANTACID, STARCH DIGESTANT, MEAT DIGESTANT. At the same time it is safe and soothing to the most sensitive stomach. Slightly laxative but not unpleasantly so.

Sold by your druggist under a money-back guarantee to help in YOUR CASE, or write Health Laboratories, Inc., Pittsburgh, Pa.

## ACIDINE

Stalwart Pilot and Stalwart Chariot

Pilot Shoemaker, of the Goodrich Silver Fleet, will smile and tell you that his "Hupb" and Silvertown tires are a combination that can't be beat. Smiles like he did when Anita Page pinned a rose on him in Los Angeles.

PHONE 866 or 1428  
 For Hupmobile Demonstration

### Pilot Reuland Can Well Smile ---and Does

His faithful Packard unit of the Goodrich Silver Fleet has always performed to make smiling a habit. Over all kinds of roads and in every kind of weather Pilot Reuland just steps on the Packard and smiles as she comes through. Besides it rides on Silvertowns.

Sold and Serviced In Salem by  
**ZIMMERMAN MOTOR CO.**  
 Packard and De Soto 26 N. Lundy St.

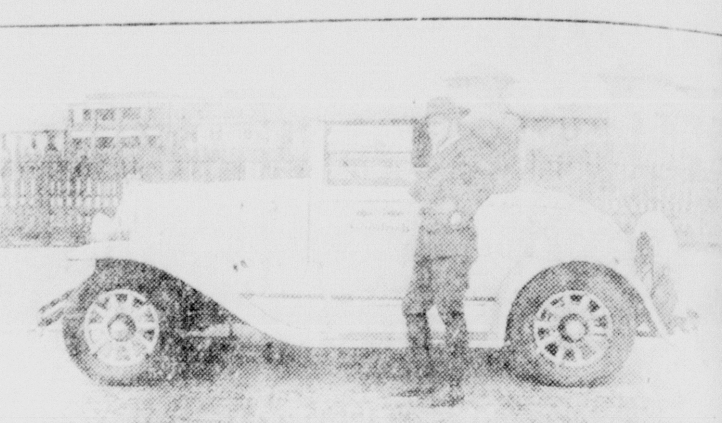

### He is Not a Soldier --- He is a Silver Fleet Pilot

Although he is the pilot of the Buick car of the Goodrich Silver Fleet, he is not a soldier nor a soldier. This fleet sails on Silvertowns over the nation's highways—both good and bad. Pilot Clark looks snappy in his silver fleet uniform beside his trusty Buick and he is snappy—so is the Buick.

See the New Buick In Salem at  
**HARRIS GARAGE & STORAGE**  
 Roosevelt Avenue at Penna. Railroad

### C. E. Taylor, Silver Fleet Pilot

His dates on his Pontiac. It has been his companion on a gypsy tour of thousands of miles—they are buddies—this young college athlete and his Pontiac.

### THE KELLER AUTO CO.

20 Ellsworth Avenue

### Pilot Simmons and His Silver "Chevie"

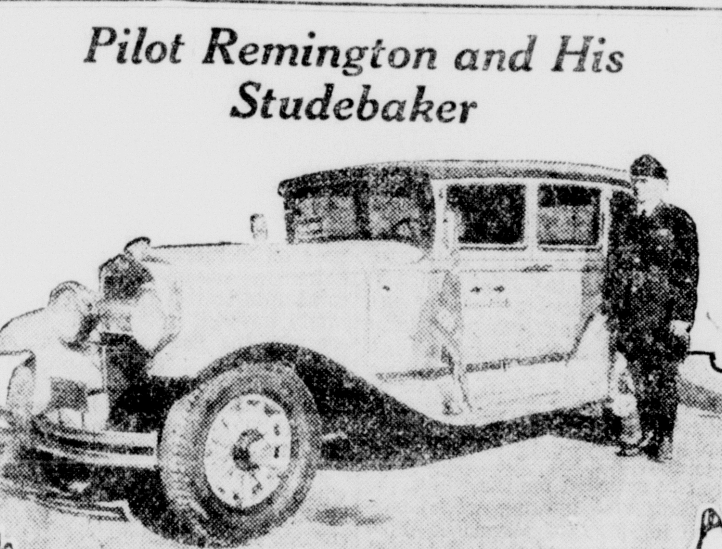

It doesn't make this husky young college athlete Silver Fleet pilot mad to drive a lighter car. "Rides like a big car and handles easier," says the Goodrich pilot. And this Silver Chevrolet has gone over a long trail on the Silver Fleet tour.

### THE ELLSWORTH CHEVROLET CO.

Phone 1237 66 Depot Street

### Pilot Remington and His Studebaker

It's like this—every pilot of the Goodrich Silver Fleet has lived with his car most of the daylight hours every day for the past several months. Each swears by his bus, because it has always responded when he called on it, regardless of roads weather or whatnot, this pilot swears by his Studebaker—and the Silvertown tires it rides on.

### ALTHOUSE-BROWN MOTOR CO.

Pershing Avenue

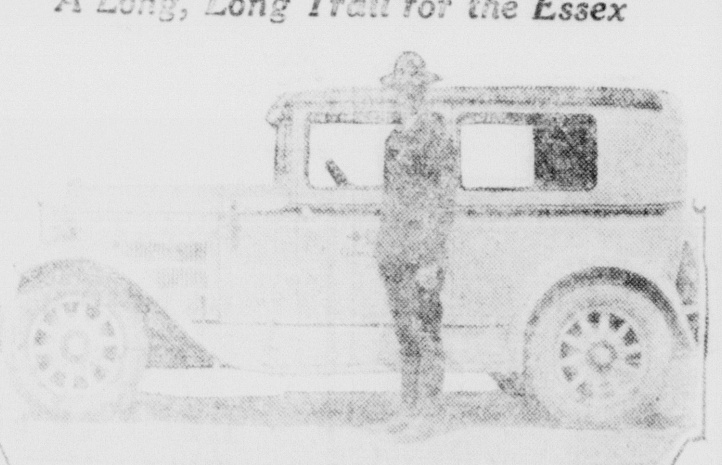

### Pilot Johnson and His Cricket of the Road

Does the Whippet "Chirp" its way along. Pilot Johnson will say it does—chirps contentedly and regularly every mile. He is always pleased with the chirping of his Whippet and the singing of his unfailing Silvertown tires.

# "John" Selects the Love Nest

John Coolidge takes Florence Trumbull as his bride in her father's luxurious mansion in Plainville, Connecticut, where all probability install her in a \$78.00 four-room apartment in the suburbs of New Haven. Those who have read John's recent announcement, that a man should not make more than one week's salary for rent, are wondering just what his reported salary of \$30.16 per week can be reconciled with the \$78.00 rental.

## Murders, Bombs, Fires Bring Fear Of Gangs To Kansas City

Kansas City, Sept. 10.—It is being said in Kansas City circles that the city is the most violent "crime" town in the country. Fear is spreading among the city's residents that Kansas City will soon be a second Chicago, a refuge for those who have been driven out of cities which thrived on violence, and who no longer can be controlled under protection of officials and police.

Incidents here will not be forgotten. Recent weeks, killings, kidnappings, threats, bombings, and robberies, and incendiarism have caused property owners to abandon human lives.

Base Big Fund  
The city has cut out of its budget a recent program to pay for the arrest and support of persons guilty of crime and arson sponsored by the Chamber of Commerce.

Answer to the challenge—Kansas City racketeers. Local gangs are quite certain that they will soon exist between the lines of moral and ethical codes which have ruled in the past.

Mr. Mann, president of the Chamber of Commerce, declared recently that the proposed plan to pay for the arrest and support of the bombers, that "racketeering" is going to stop in Kansas City. There is no place here for the racketeer and firebug. If such a plan is not successful in placing the destroyers behind prison bars, some other method will be used to drive them out of Kansas City.

Mr. Mann went on: "The growth of racketeering here is a menace to business and to the lives of the citizens. The business men of the Chamber of Commerce are going to pay whatever the cost to stop it before the bombers, terrorists, and firebugs dominate business here as they have in Chicago."

Advice To Police  
Lou E. Holland, executive director of the Chamber of Commerce, gave vent to his feeling concerning the crime wave by placing much of the responsibility in the hands of the police. He said that "one thing the police can do to put a stop to a large part of the crime in Kansas City, is to arrest every man caught carrying a concealed weapon. The courts can co-operate by giving every 'gun tater' two years in the penitentiary, the maximum penalty under the Missouri law."

"If bandits and other underworld characters understand Kansas City is an unhealthy city, in which to carry guns more of them will leave town or quit crime. Few bandits have nerve enough to stage a holdup unarmed."

"The police should know most of the gunmen in Kansas City. If they arrest them on sight and press charges of carrying concealed weapons it will do much to improve the crime situation here."

Three opinions clearly illustrate that local progressive residents realize the situation here and are sincere in their attempts to stop the potential racketeers from gaining control of business and politics. A year ago Kansas City was predicted to become a second Chicago, and the more recent occurrences have placed that assumption upon a true level.

Meanwhile, the local police force has been enlarged; detectives have been planted in secluded and suspicious locations; and residents are quietly doing their daily tasks, but are very mindful of the heralded Kansas City underworld, and go about whispering.

Stiver's mother, Mrs. Helen Lodge, Mrs. Hazel Coffey and son Wilbur of Salem, and Jerry Snyder of Columbus, spent Friday with their cousin, Mrs. Fred Glinter.

The Misses Phoebe and Ethel Nye were Libon callers Saturday.

Miss Helen Holland held a post-nuptial shower last Thursday evening for Mrs. Hazel Ciminelli Thompson. Appointments were in rose and white and a miniature bride and groom adorned the table.

A two-course lunch was served. Games had been arranged with prizes which were won by Mrs. Hazel Thompson and Miss Audrienne Holland. Mrs. Thompson received many beautiful gifts.

Miss Genevieve Ciminelli has entered the Youngstown City hospital for training.

Dr. and Mrs. Donald D. Shontz and daughter spent the week end with Dr. Shontz's parents, Mr. and Mrs. C. B. Shontz, while enroute to the home in Massillon from a vacation spent in the east.

Mr. Hazel Thompson, Miss Angeline Ciminelli and Francis Snyder have returned from Detroit where they visited Miss Betty Ciminelli, who is in training in the Ford hospital there.

A meeting of the teachers of the public schools who will be in charge for the coming year was held in Supp. E. P. Stonebraker's office on Saturday.

Miss Mary Ashley, who has been employed at Conneaut Lake Park, Pennsylvania, for the past two months, has returned to her home here. She will leave shortly for Ann Arbor, to resume her studies in the University of Michigan.

Miss Mildred Williams is visiting her friend, Miss Edna Mary Carter, Zanesville.

Mr. Gels Lee and daughter, Lucile, spent Saturday at North Lima, the guest of Mr. Lee's sister, Mrs. Anna Davis.

Mr. and Mrs. John Worman, Mr. Wm. Bullard and Joseph Bullard on Saturday attended the funeral of their aunt, Mrs. Frank Worman at Milville.

Mr. and Mrs. Eugene Stiver of Salem, spent Sunday with Mrs.

## CHURCHES URGED TO JOIN EVENT

Massachusetts Committee Asks Boston Leaders To Cooperate

Boston, Sept. 16.—Congregational and Unitarian Churches of the Puritan Colonial Period have been requested by the Massachusetts Bay Tercentenary Committee that they make special arrangements for participating in local commemorations next year during the 300th anniversary observance of the founding of Massachusetts Bay Colony.

So intimately were religious impulses bound up with the beginning of Massachusetts Bay Colony that history would be violated if adequate references be omitted, according to the committee.

"We wish to have this celebration a harmonious whole with all our churches of ancient foundation participating in it," the committee declared. "We think it is one of the best opportunities for liberty tolerance and comprehensive sympathy among ourselves and among all related religious bodies of whatever denomination."

The Massachusetts Federation of Churches has a Tercentenary Committee at work on a definite program studying ancestry and compiling a Colonial bibliography. They propose a "repose" or general conference in 1930 of all churches.

According to the Tercentenary Committee, which includes prominent ecclesiastics of all denominations there will doubtless be great inter-church gatherings, religious community meetings, and open-air services, next year. In groves, which the poet Bryant called "God's First Temples" with rocks as altars, modern worshippers would be reminded of the wilderness services of 300 years ago.

"The character and service of the Puritan founders of the Bay Colony and their successors in all parts of the land have entered into our national life. We are indebted to them far beyond our ability to measure," said the Tercentenary Committee.

**Cattle Rustlers Using Airplanes**

Salinas, Cal., Sept. 16.—Believe it or not, but cattle rustlers operating by airplane are reported hereabouts. This was revealed when the R. E. Jack company, owners of extensive cattle holdings in Monterey, San Luis Obispo, Kings and Kern counties, posted a reward of \$1,000, in an effort to solve the mysterious disappearance of thousands of cattle during the past few months.

The stolen steers were shot, quartered on the ground and carried off. There were no tracks of horse or auto. Then, how come? The answer is believed to be airplane cattle rustlers.

One cattleman said that "these birdmen are carrying things too far—it was bad enough when cattle were rustled with horses and mules."

Several other ranch operators expressed the belief that "flying rustlers" shoot steers in daylight, cut them up and fly off with valuable cuts of beef.

## Psychologists Of 30 Nations Attend New Haven Gathering

New Haven, Sept. 15.—The International Congress of Psychology meets here today with an attendance of more than 750 persons who are to come from thirty foreign countries and the United States to a meeting that has been planned for three years. So wide spread are the delegates that four of the official languages have been chosen for the congress: Italian, French, German, and English.

Officers of the national committee are: James M. Cattell, New York, president; James Rowland Angell, New Haven, vice-president; Edward G. Boring, Cambridge, Mass., secretary; R. S. Woodworth, New York, treasurer; Walter S. Hunter, Worcester, Mass., executive secretary; Herbert S. Langfield, Princeton, N. J., foreign secretary.

Yale Man Chairman  
Rowell P. Angier, of Yale, is chairman of the local committee, and Raymond Dodge, of Yale, is

chairman of the program committee. On the national committee are: J. E. Anderson, Minneapolis; Harvey A. Carr, Chicago; Knight Dunlap, Baltimore; S. W. Fernberger, Philadelphia; William McDougall, Duke University; Carl E. Seashore, University of Iowa; Lewis M. Terman, Stanford University; E. L. Thorndike, Columbia; Howard C. Warren, Princeton; Margaret F. Washburn, Vassar; and R. M. Yerkes, Yale.

Delegates are registered already from Russia, Switzerland, Germany, Belgium, France, Italy, England, Netherlands, Hungary, Argentina, Denmark, Norway, India, Scotland, Poland, Wales, Japan, New Zealand, Palestine, China, Austria, Costa Rica, Peru, Sweden, Mexico, and Canada.

A long series of symposia has been worked out. They include those on maladjustment, sleep, effects of drugs, animal behavior, industrial

psychology, character and personality, child development, abnormal psychology, memory and learning, psychology of music, race differences, psychology of personality, nature of growth, social psychology, mental tests, motivation, reflexes, and religious psychology. Juvenile and general delinquency, detection and punishment, as approaches to the field of legal psychology also are on the program.

Features of the congress will be evening lectures. One is to be given on "The Highest Nervous Activity." The lecturer will be Professor I. V. Pavlov, director of the physiological laboratories in the Russian Academy of Sciences in Leningrad.

The opening session, preceding the reception and banquet by two days, will be addressed by President Angell, as official host, and he will

be followed by President Cattell, Prof. Edward Claparede, of Geneva, Switzerland, secretary of the international committee, and by William John Cooper to represent the National government.

The evening lectures are to be open to the public while the other sessions are limited to members and specially invited guests. The entire program has been worked out by Professor Raymond Dodge, of Yale.

The congress is the first ever held in the United States. The congress last met in Holland, and previous to that met in England.

## HOMEWORTH

Mr. and Mrs. Raymond Porter and son, Harry, and Mr. and Mrs. W. H. Stewart have returned from a trip to Niagara Falls.

Mr. and Mrs. James Stewart, of Latrobe, Pa., and Mr. and Mrs. W. G. Hoffman, Mr. and Mrs. Vernon Mangus and Mr. and Mrs. Lewis Stroup camped Sunday and Monday at Milton's dam.

Mr. and Mrs. W. W. Weaver of Barneveld were guests of the former's father, M. A. Weaver, last week.

Mr. and Mrs. Virgil Jackson and Miss Dorothy Stoffer have returned from a trip to Niagara Falls.

A surprise party was given at the home of Mr. and Mrs. M. A. Weaver Tuesday evening in honor of Mrs. Charles Maxwell, who has been three years in appreciation of the splendid work done she was presented a beautiful fernery. Those

present were: Gertrude and Olive Yenne, Grace Irwin, Eva Winder, Leona Slates, Faye Cameron, Evelyn Humphrey, Wilma Malone, Faye Walker and Vera Maxwell. Guests of the club were Mrs. H. C. Hoffman and Mrs. Fordyce Walker. The girls have almost completed their sewing for the summer. It will be on exhibition at the Lisbon fair this September.

Mr. and Mrs. Roy Burt and family have returned from Pennsylvania where they were called by the death of the former's mother.

Mr. and Mrs. W. W. Weaver, Miss Vera Weaver and Mrs. Kathryn Stewart were business callers at Kent last week.

Mr. and Mrs. Warren Hoffman are having their house remodeled. Mr. and Mrs. L. T. Gates and fam-

ily of Marlboro called at the home of Mr. and Mrs. D. W. Thomas Saturday afternoon.

Mr. and Mrs. H. C. Hoffman and son, Walter, visited Milton's lake, Cascade park and the Stark country fair the past few days.

A pleasant surprise was tendered Mrs. Margaret Johnson Sunday at the home of her son-in-law and daughter, Mr. and Mrs. Earl Thomas, in honor of her 71st birthday anniversary. There were 44 in attendance including children, grandchildren and great grandchildren, and a number of friends who came to wish her well. A bounteous dinner was served at noon. Mrs. Johnson received many gifts of beautiful flowers and other remembrances. It was a happy day long to be remembered.
